## Possibility of Severe Weather

APRIL 01ST 2014 BY DEE LOFLIN

Possibility of Severe Weather

*Submitted by  
Dee Loflin, SMT Manager/Editor*

**Stoddard County, Missouri** - The National Weather Service in Paducah, Kentucky has issued a Weather Statement for Stoddard County, Missouri.

.. SEVERE THUNDERSTORMS POSSIBLE LATER THIS WEEK...  
SCATTERED TO NUMEROUS THUNDERSTORMS WILL BE POSSIBLE  
WEDNESDAY INTO EARLY THURSDAY... ALONG AND NORTH OF A  
STATIONARY FRONT DRAPED ACROSS THE REGION. SOME OF THESE  
STORMS MAY REACH SEVERE LEVELS... ESPECIALLY LATER  
WEDNESDAY NIGHT INTO EARLY THURSDAY. LARGE HAIL AND HEAVY  
RAIN SEEM TO BE THE MAIN THUNDERSTORM RISKS AT THIS TIME.

IN ADDITION... CONFIDENCE CONTINUES TO GROWN FOR SEVERE  
THUNDERSTORM DEVELOPMENT LATER THURSDAY AND ESPECIALLY  
THURSDAY NIGHT... AHEAD OF AN EASTWARD PROGRESSING COLD

FRONT. THE DYNAMICS AND INSTABILITY OF THIS SYSTEM APPEAR AT A MAGNITUDE CAPABLE OF PRODUCING WIDESPREAD SEVERE WEATHER.

HEAVY RAINFALL IS ALSO A POSSIBILITY WEDNESDAY NIGHT THROUGH THURSDAY NIGHT. THIS COULD CAUSE FLOODING AND FLASH FLOODING... PARTICULARLY THURSDAY NIGHT... IF HEAVY RAIN OCCURS WITH AN EXPECTED ROUND OF THUNDERSTORMS WEDNESDAY NIGHT INTO EARLY THURSDAY.

PLEASE STAY TUNED AND KEEP ABREAST OF FORECASTS AS WE HEAD INTO THE MID WEEK TIME FRAME.
