Community Can Sponsor and Help the Angel Tree Project

DECEMBER 08TH 2016 BY DEE LOFLIN

Community Can Sponsor and Help the Angel Tree Project

Dexter, Missouri - Each year the nursing department at SoutheastHEALTH Center of Stoddard County sponsors the Angel Tree project.

Area nursing homes and residential care facilities are asked to submit a list of names (up to 10) and needs of residents that no longer have family around for Christmas.

The SoutheastHEALTH employees and the community have the opportunity to adopt these angels from the tree.

This year they have over 80 angels on the tree located in the ICU nursing area. They encourage you to get involved in this worthwhile project either individually, as a department, or even as a business.

Pictured with the Angel Tree is Sonja Mays, RN. Sonja has been involved with this project for many years.
