Heat Advisory Issued for Stoddard County for Tuesday

JULY 18TH 2022 BY DEE LOFLIN

Heat Advisory Issued for Stoddard County for Tuesday

Stoddard County, MO - The National Weather Service in Paducah, KY has issued a Heat Advisory for Stoddard County for Tuesday, July 19, 2022.

Affected Area

Portions of southeast Missouri, far west Kentucky and far southwest Illinois

Description

...HEAT ADVISORY IN EFFECT FROM 1 PM TO 8 PM CDT TUESDAY...

WHAT...Heat index values up to 106 expected.

WHERE...Portions of southeast Missouri, far west Kentucky and far southwest Illinois.

WHEN...From 1 PM to 8 PM CDT Tuesday.

IMPACTS...Hot temperatures and high humidity may cause heat illnesses to occur.

ADDITIONAL DETAILS...The Heat Advisory includes the following counties in southeast Missouri: Bollinger, Butler, Cape Girardeau, Carter, Mississippi, New Madrid, Ripley, Scott, Stoddard, and Wayne. In southwest Illinois: Alexander, Pulaski, and Union. In west Kentucky: Ballard, Carlisle, Fulton, and Hickman.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Drink plenty of fluids, stay in an air-conditioned room, stay out of the sun, and check up on relatives and neighbors. Young children and pets should never be left unattended in vehicles under any circumstances.

Take extra precautions if you work or spend time outside. When possible reschedule strenuous activities to early morning or evening. Know the signs and symptoms of heat exhaustion and heat stroke. Wear lightweight and loose fitting clothing when possible. To reduce risk during outdoor work, the Occupational Safety and Health Administration recommends scheduling frequent rest breaks in shaded or air conditioned environments. Anyone overcome by heat should be moved to a cool and shaded location. Heat stroke is an emergency! Call 9 1 1.

Severe Thunderstorm Warning Issued until 8:45 p.m.

JULY 17TH 2022 BY DEE LOFLIN

Severe Thunderstorm Warning Issued until 8:45 p.m.

Image not found or type unknown

Stoddard County, MO - The National Weather Service in Paducah, Kentucky has issued a Severe Thunderstorm WARNING for Stoddard County, MO

Description

The National Weather Service in Paducah has issued a

Severe Thunderstorm Warning for... Bollinger County in southeastern Missouri... Southern Perry County in southeastern Missouri... Eastern Wayne County in southeastern Missouri... Northwestern Stoddard County in southeastern Missouri... Western Cape Girardeau County in southeastern Missouri...

Until 845 PM CDT.

At 759 PM CDT, severe thunderstorms were located along a line extending from 6 miles northeast of Alliance to near Buckhorn to near Cascade to near Greenville, moving east at 25 mph.

HAZARD...60 mph wind gusts and penny size hail.

SOURCE...Radar indicated.

IMPACT...Expect damage to roofs, siding, and trees.

Severe thunderstorms will be near... Alliance around 805 PM CDT.

Other locations in the path of these severe thunderstorms include Grassy, Daisy, Marble Hill, Patton, Altenburg and Leopold.

This includes Interstate 55 between Mile Markers 106 and 123.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

For your protection move to an interior room on the lowest floor of a building.

To report severe weather, contact your nearest law enforcement agency. They will send your report to the National Weather Service office in Paducah.

Large hail and damaging winds and continuous cloud to ground lightning is occurring with these storms. Move indoors immediately. Lightning is one of nature's leading killers. Remember, if you can hear thunder, you are close enough to be struck by lightning.

Torrential rainfall is occurring with these storms, and may lead to flash flooding. Do

not drive your vehicle through flooded roadways.

HAIL THREAT...RADAR INDICATED; MAX HAIL SIZE...0.75 IN; WIND THREAT...RADAR INDICATED; MAX WIND GUST...60 MPH

Heat Advisory for Stoddard County Until Thursday, July 7, 2022

JULY 03RD 2022 BY DEE LOFLIN

Heat Advisory for Stoddard County Until Thursday, July 7, 2022

Image not found or type unknown

Stoddard County, MO - The National Weather Service in Paducah, Kentucky has issued a HEAT ADVISORY from Monday, July 4th - Thursday, July 7, 2022 for Stoddard County, MO.

Affected Area

Portions of southwest Indiana, southeast Missouri, western Kentucky, and southern Illinois

Description

...HEAT ADVISORY IN EFFECT FROM 11 AM MONDAY TO 1 PM CDT THURSDAY...

WHAT...Heat index values up to 109 expected.

WHERE...Portions of southwest Indiana, southeast Missouri, western Kentucky, and southern Illinois.

WHEN...From 11 AM Monday through Thursday afternoon.

IMPACTS...Hot temperatures and high humidity may cause heat illnesses to occur.

ADDITIONAL DETAILS...Daily chances for isolated thunderstorms will provide brief relief from the heat.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Drink plenty of fluids, stay in an air-conditioned room, stay out of the sun, and check up on relatives and neighbors. Young children and pets should never be left unattended in vehicles under any circumstances.

Take extra precautions if you work or spend time outside. When possible reschedule strenuous activities to early morning or evening. Know the signs and symptoms of heat exhaustion and heat stroke. Wear lightweight and loose fitting clothing when possible. To reduce risk during outdoor work, the Occupational Safety and Health Administration recommends scheduling frequent rest breaks in shaded or air conditioned environments. Anyone overcome by heat should be moved to a cool and shaded location. Heat stroke is an emergency! Call 9 1 1.

Special Weather Statement Issued for Stoddard County, MO

JUNE 22ND 2022 BY DEE LOFLIN

Special Weather Statement Issued for Stoddard County, MO

Image not found or type unknown

National Weather Service in Paducah, Kentucky has issued a Special Weather Statement for Wednesday, June 22, 2022.

Description

...Peak Heat Index Values of 100 to 105 Degrees Today...

Humidity levels will be noticeably higher today versus the past few days. This humidity, combined with temperatures in the middle to upper 90s, will result in peak heat index values of 100 to 105 degrees across the region late this morning into this

afternoon. Isolated to widely scattered thunderstorm development during the afternoon will provide limited relief from the heat.

Those with outdoor activities planned this afternoon should consider rescheduling them to the cooler early morning or evening hours. If you must be outdoors in the heat, drink plenty of water and take frequent breaks in an air conditioned environment.

Excessive Heat Warning Downgraded to Heat Advisory

JUNE 16TH 2022 BY DEE LOFLIN

Excessive Heat Warning Downgraded to Heat Advisory

Image not found or type unknown

Stoddard County, MO - The National Weather Service in Paducah, KY has downgraded the Excessive Heat Warning to a HEAT ADVISORY from 8 p.m. Thursday until 8 p.m. Friday.

Affected Area

Portions of southeast Missouri, far western Kentucky and far southwest Illinois

Description

...HEAT ADVISORY IN EFFECT UNTIL 8 PM CDT FRIDAY... ...EXCESSIVE HEAT WARNING WILL EXPIRE AT 8 PM CDT THIS EVENING...

WHAT...Heat index values of 100 to 105 degrees expected Friday afternoon.

WHERE...Portions of southeast Missouri, far western Kentucky and far southwest Illinois.

WHEN...Until 8 PM CDT Friday.

IMPACTS...Hot temperatures and high humidity may cause heat illnesses to occur.

ADDITIONAL DETAILS...Isolated to scattered thunderstorms may bring pockets of relief from the heat.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Drink plenty of fluids, stay in an air-conditioned room, stay out of the sun, and check up on relatives and neighbors. Young children and pets should never be left unattended in vehicles under any circumstances.

Take extra precautions if you work or spend time outside. When possible reschedule strenuous activities to early morning or evening. Know the signs and symptoms of heat exhaustion and heat stroke. Wear lightweight and loose fitting clothing when possible. To reduce risk during outdoor work, the Occupational Safety and Health Administration recommends scheduling frequent rest breaks in shaded or air conditioned environments. Anyone overcome by heat should be moved to a cool and shaded location. Heat stroke is an emergency! Call 9 1 1.

Excessive Heat Warning Extended Until 8 p.m. Thursday

JUNE 16TH 2022 BY DEE LOFLIN

Excessive Heat Warning Extended Until 8 p.m. Thursday

Image not found or type unknown

Stoddard County, MO - The National Weather Service in Paducah, KY has extended the Excess Heat Warning until 8 p.m. Thursday evening.

Description

...EXCESSIVE HEAT WARNING REMAINS IN EFFECT UNTIL 8 PM CDT THIS EVENING...

WHAT...Heat index values 100 to 110 degrees this afternoon.

WHERE...Portions of southwest Indiana, southeast Missouri, western Kentucky, and southern Illinois.

WHEN...Until 8 PM CDT Thursday.

IMPACTS...Extreme heat and humidity will significantly increase the potential for heat related illnesses, particularly for those working or participating in outdoor activities.

ADDITIONAL DETAILS...Today makes 4 to 5 straight days of prolonged heat and humidity, which can have cumulative effects to those susceptible to heat related illness. This extreme heat looks like it will last through Friday, at least for some parts of the region, so either an extension of the Warning or potentially an Advisory will likely be added for a portion of the region in upcoming forecasts. Some relief is on the way for the weekend. However, the heat will return with a vengeance next week, with triple digit highs in the forecast.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Drink plenty of fluids, stay in an air-conditioned room, stay out of the sun, and check up on relatives and neighbors. Young children and pets should never be left unattended in vehicles under any circumstances. Take extra precautions if you work or spend time outside. Know the signs and symptoms of heat exhaustion and heat stroke. Wear lightweight and loose fitting clothing when possible. Anyone overcome by heat should be moved to a cool and shaded location. Heat stroke is an emergency! Call 9 1 1.
