Wind Advisory Issued Beginning 1 p.m. Friday

MARCH 30TH 2023 BY DEE LOFLIN

Wind Advisory Issued Beginning 1 p.m. Friday

The National Weather Service in Paducah, Kentucky has issued a Wind Advisory for Friday beginning at 1 p.m.

Affected Area

Portions of southern Illinois, western Kentucky and southeast Missouri. The advisory is along and west of a line from Mount Vernon to Marion Illinois, then to Paducah and Murray Kentucky

Description

...WIND ADVISORY REMAINS IN EFFECT FROM 1 PM FRIDAY TO 1 AM CDT SATURDAY...

WHAT...Southwest winds 20 to 30 mph with gusts up to 50 mph expected.

WHERE...Portions of southern Illinois, western Kentucky and southeast Missouri. The advisory is along and west of a line from Mount Vernon to Marion Illinois, then to Paducah and Murray Kentucky.

WHEN...From 1 PM Friday to 1 AM CDT Saturday.

IMPACTS...Gusty winds could blow around unsecured objects. Tree limbs could be blown down and a few power outages may result.

ADDITIONAL DETAILS...Locally stronger winds are possible in thunderstorms Friday afternoon and evening.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Use extra caution when driving, especially if operating a high profile vehicle. Secure outdoor objects.

More Information

A potent storm system will move into our area on Friday, when southwest winds will increase ahead of a cold front. Winds will become westerly behind the front Friday evening.

Flood Watch Issued for Stoddard County Late into Friday

MARCH 23RD 2023 BY DEE LOFLIN

Flood Watch Issued for Stoddard County Late into Friday

Image not found or type unknown

The National Weather Service in Paducah, Kentucky has issued a Flood Watch through late Friday night for Stoddard County, Missouri.

Affected Area

Portions of southern Illinois, southwest Indiana, western Kentucky and southeast Missouri, including the following areas, in southern Illinois, Alexander, Edwards, Franklin, Gallatin, Hamilton, Hardin, Jackson, Jefferson, Johnson, Massac, Perry IL, Pope, Pulaski, Saline, Union, Wabash, Wayne IL, White and Williamson. In southwest Indiana, Gibson, Pike, Posey, Spencer, Vanderburgh and Warrick. In western Kentucky, Ballard, Carlisle, Crittenden, Daviess, Henderson, Livingston, McCracken, McLean, Union KY and Webster. In southeast Missouri, Bollinger, Butler, Cape Girardeau, Carter, Mississippi, New Madrid, Perry MO, Ripley, Scott, Stoddard and Wayne MO

Description

...FLOOD WATCH REMAINS IN EFFECT THROUGH LATE FRIDAY NIGHT...

WHAT...Flooding caused by excessive rainfall continues to be possible.

WHERE...Portions of southern Illinois, southwest Indiana, western Kentucky and southeast Missouri, including the following areas, in southern Illinois, Alexander, Edwards, Franklin, Gallatin, Hamilton, Hardin, Jackson, Jefferson, Johnson, Massac, Perry IL, Pope, Pulaski, Saline, Union, Wabash, Wayne IL, White and Williamson. In southwest Indiana, Gibson, Pike, Posey, Spencer, Vanderburgh and Warrick. In western Kentucky, Ballard, Carlisle, Crittenden, Daviess, Henderson, Livingston, McCracken, McLean, Union KY and Webster. In southeast Missouri, Bollinger, Butler, Cape Girardeau, Carter, Mississippi, New Madrid, Perry MO, Ripley, Scott, Stoddard and Wayne MO.

WHEN...Through late Friday night.

IMPACTS...Excessive runoff is expected to result in flooding of rivers, creeks, streams, and other low-lying and flood-prone locations. Creeks and streams may rise out of their banks. Some areas may experience more widespread and significant flash flooding with road closures and washouts, water entering normally dry areas, and dangerous travel conditions.

ADDITIONAL DETAILS... - Periods of rain and thunderstorms are forecast to begin tonight and persist through Friday night. 2 to 4 inches of rain is expected over the region and locally higher amounts are possible. -

<http://www.weather.gov/safety/flood>

PRECAUTIONARY/PREPAREDNESS ACTIONS...

You should monitor later forecasts and be alert for possible Flood Warnings. Those living in areas prone to flooding should be prepared to take action should flooding develop.
