Well Baby Screenings Planned In Dexter

MARCH 13TH 2012 BY AMY ELLINGHOUSE

Well Baby Screenings Planned In Dexter

Dexter Parents as Teachers, along with Missouri Southern Healthcare, is offering a free developmental screening for children ages three months to three years of age.

The screening will be held March 20 from 3:30 - 7:00 p.m. in the Southwest Elementary Gym. Information on keeping kids healthy and other related health topics will be available.

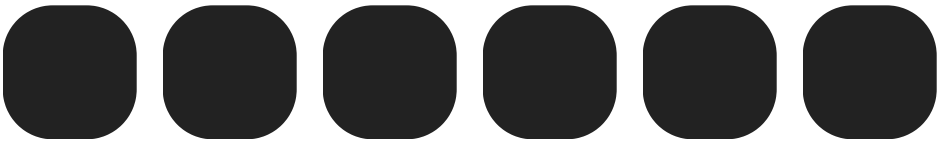

Your child will also receive a vision and hearing screening. This is a great way to see what skills your child has mastered and which ones they will do next!

Please call the Parents as Teachers office at 573-614-1004 for an appointment!
