With high school basketball at its peak, many people throughout the area are gearing up for the annual Stoddard County Basketball Tournament.

The tournament is set to be held in the Bloomfield Gym, and will begin Monday afternoon.

Even though many people are looking forward to the basketball competition that the tournament will supply, this tournament is also very big for the cheerleading teams throughout the county.

The cheer teams are judged while cheering at the county tournament, and will compete for the title when the tournament draws to a conclusion.

As everyone prepares for this upcoming week full of high school basketball, remember to support your local cheerleading team as they are also in a competition!

Good luck to all basketball players and cheerleaders!

On The Move with MoDot

JEFFERSON CITY - What kind of transportation system do you want to see for Missouri? That's the question the Missouri Department of Transportation will be asking of Missourians over the next few months with a new statewide initiative called "On The Move."

The effort will update Missouri's long-term transportation plan through a series of listening sessions, a mobile tour and virtual forums. The "On The Move" website launched today at www.missourionthemove.org.

Visitors to the site can learn about the assets of Missouri's transportation system, track what MoDOT is hearing from Missourians, keep track of "On The Move" events, and comment on the specific projects they think are needed. "Missouri transportation begins with Missouri citizens - the very people who use our roads and bridges, railways, greenways, waterways and airways to travel to and from

work, to the doctor, to soccer practice and everywhere in between," says MoDOT Chief Engineer Dave Nichols.

"Engaging Missourians to provide input is a critical step to ensure that MoDOT outlines a sustainable and economically viable transportation vision that serves the growing needs of Missourians well into the future."

The first two listening sessions are scheduled for February 5 in Columbia from 6-8 p.m. at the Reynolds Alumni Center, and **February 19 in Cape Girardeau from 5-7 p.m. at the Osage Center.**

The general public and transportation stakeholders are invited to attend, but due to limited seating, interested persons must register to secure a seat by RSVPing at missourionthefirstmove.org/community-engagement/schedule-of-events.

Registration closes at noon the day prior to each listening session. Details on the remaining events will be forthcoming.

Thank You for Trusting SMT!

*Written by
Jessica Snider, SMT Writer*

On Tuesday afternoon, the heartland experienced an unexpected wintery weather mix. The light snow quickly turned into a slick mess and forced many people to cancel their evening plans and many schools to even close early.

With the roads getting dangerous, many schools had no choice but to cancel the after-school activities for that day. Many basketball games, wrestling matches, etc were cancelled Tuesday evening due to the wintery weather.

ShowMe Times would like to thank you for staying tuned in and checking our website for the closings of some local schools and postponing of high school hoops!

When all the cancellations have a rematch date, we will be glad to let our readers know!

Keep in mind that shall we receive any more winter weather that results in cancellations; the ShowMe Times can be your “go-to” place for any additional information.
