Be Aware of Fraudulent Debit Cards in Area

Submitted Story

Recently, Officer Blagg of the Caruthersville Police Department has informed everyone that there is a group of men that hit some Hayti businesses last night. It is said that the males have strong foreign accents, and they are using fraudulent prepaid debit cards to make purchases of electronics and computer equipment at places such as: Walmart, Best Buy, etc. In addition to using them to make purchases, they are going door to door trying to sell these cards to people who are unaware of this crime.

You may want to alert your business customers and keep an eye on the ATMS in case they try to use the cards at one of them. They are wanted in several states, and Hayti has been their most recent target. You are asked to please alert authorities if they are spotted!
