Flags at Half Staff - President John F. Kennedy

[Flags at Half Staff - President John F. Kennedy](#)

All State and Government Offices to Fly Flags at Half-Staff from Sunrise to Sunset, November 22, 2013

A half century ago, America mourned the loss of an extraordinary public servant. With broad vision and soaring but sober idealism, President John F. Kennedy had called a generation to service and summoned a Nation to greatness. Today, we honor his memory and celebrate his enduring imprint on American history.

In his 3 years as President of the United States, John F. Kennedy weathered some of the most perilous tests of the Cold War and led America to the cusp of a bright new age. His leadership through the Cuban Missile Crisis remains the standard for American diplomacy at its finest. In a divided Berlin, he delivered a stirring defense of freedom that would echo through the ages, yet he also knew that we must advance human rights here at home. During his final year in office, he proposed a civil rights bill that called for an

end to segregation in America. And recognizing women's basic right to earn a living equal to their efforts, he signed the Equal Pay Act into law.

While President Kennedy's life was tragically cut short, his vision lives on in the generations he inspired -- volunteers who serve as ambassadors for peace in distant corners of the globe, scientists and engineers who reach for new heights in the face of impossible odds, innovators who set their sights on the new frontiers of our time. Today and in the decades to come, let us carry his legacy forward. Let us face today's tests by beckoning the spirit he embodied -- that fearless, resilient, uniquely American character that has always driven our Nation to defy the odds, write our own destiny, and make the world anew.

NOW, THEREFORE, I, BARACK OBAMA, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim November 22, 2013, as a Day of Remembrance for President John F. Kennedy.

I call upon all Americans to honor his life and legacy with appropriate programs, ceremonies, and activities. I also call upon Governors of the United States and the Commonwealth of Puerto Rico, officials of the other territories subject to the jurisdiction of the United States, and appropriate officials of all units of government, **to direct that the flag be flown at half-staff on the Day of Remembrance for President John F. Kennedy.** I further encourage all Americans to display the flag at half-staff from their homes and businesses on that day.

Barack Obama
President of the United States

November 20th is Winter Weather Awareness Day

NOVEMBER 20TH 2013 BY DEE LOFLIN

November 20th is Winter Weather Awareness Day

*Submitted by
Dee Loflin, SMT Manager/Editor*

Missouri - As cold temperatures return to the state, it is important for Missourians to plan for the threat of severe winter storms and the dangers these storms can pose.

To help get ready, the National Weather Service, the Missouri Department of Health and Senior Services, the State Emergency Management Agency and Missouri's local emergency managers are joining forces to promote **Nov. 20 as Winter Weather Awareness Day in Missouri.**

Because Missouri's winter weather can be difficult to predict and can quickly become severe, people are encouraged to begin preparing now, before winter sets in. Among the preparations Missourians can make are:

- Creating a family emergency plan and an emergency kit with bottled water and food that can be prepared without cooking in case of a power outage. Kits should include bottled water, canned and dry foods, battery-powered radio, flashlights, extra batteries, manual can opener and a first-aid kit.
- Making sure all heat sources, such as fireplaces, woodstoves and oil heaters function properly. If you have a generator, make sure you have fuel and that your generator functions properly. Only operate generators outdoors.
- Creating a winter car kit. This includes a blanket, spare radio with batteries, snacks or energy-type food, jumper cables, flares, shovel and sand or shingles to give tires traction.

- Exercising caution when shoveling snow or pushing a car out of snow banks and avoiding unnecessary travel when driving conditions are poor.
- Making sure cell phones are charged before driving in foul winter weather and ensuring that important emergency numbers, such as *55 for the Missouri State Highway Patrol, are saved for fast dialing in case of emergencies on state highways.

It is also important for people to stay current on weather forecasts and to understand key National Weather Service terms:

- Winter Storm Watch indicates that severe winter weather may affect your area within 12-48 hours.
- Winter Storm Warning indicates severe winter weather is in the area or expected immediately and can be life threatening.
- Ice Storm Warnings are issued for ice accumulations of a quarter-inch or more.

Additional information about winter weather and preparedness tips can be found at the following Web sites:

- National Weather Service - St. Louis Winter Weather Awareness Page: www.crh.noaa.gov
- SEMA: www.sema.dps.mo.gov (Click on “Severe Winter Weather” in the “Plan and Prepare” section.)

Dexter Rotary Club to Host Blood Drive

NOVEMBER 19TH 2013 BY DEE LOFLIN

[Dexter Rotary Club to Host Blood Drive](#)

*Written by
Dee Loflin, SMT Manager/Editor*

Dexter, Missouri - Every day patients across the country rely on blood donated through the American Red Cross. While the need is ongoing, the supply isn't always — especially during the holiday season, when many regular donors are busy with holiday activities. Donors of all blood types are currently needed to help ensure a sufficient supply for

patients.

As part of the Give Something that Means Something winter campaign, blood donors can invite a loved one to follow in their footsteps or let someone know they gave in his or her honor with a customized postcard.

Donors simply take a photo of a Red Cross moment, whether it's relaxing on a donor bed, enjoying a post-donation snack or meeting a blood recipient, then upload the photo and add a message at rcblood.org/holidaypostcard. The "postagram" will be mailed anywhere the donor chooses, courtesy of the Red Cross and Postagram.

The Dexter Rotary Club will host a Red Cross Blood Drive on Monday, November 25th from noon - 5 p.m. at the Sacred Heart Church.

Eligible donors can help the Red Cross maintain a stable blood supply around the holidays. Appointments can be made by visiting redcrossblood.org or calling 1-800-RED CROSS.

How to donate blood

Simply call 1-800-RED CROSS (1-800-733-2767) or visit redcrossblood.org to make an appointment or for more information. All blood types are needed to ensure a reliable supply for patients. A blood donor card or driver's license or two other forms of identification are required at check-in. Individuals who are 17 years of age (16 with parental consent in some states), weigh at least 110 pounds and are in generally good health may be eligible to donate blood. High school students and other donors 18 years of age and younger also have to meet certain height and weight requirements.

About the American Red Cross

The American Red Cross shelters, feeds and provides emotional support to victims of disasters; supplies about 40 percent of the nation's blood; teaches skills that save lives; provides international humanitarian aid; and supports military members and their families. The Red Cross is a not-for-profit organization that depends on volunteers and the generosity of the American public to perform its mission. For more information, please visit redcross.org or visit us on Twitter at @RedCross.
