Sikeston Jaycees Donate to Disabled Veterans Facility

*Written by
Dee Loflin, SMT Manager/Editor*

Dexter, Missouri – The Sikeston Jaycees recently donated \$5,000 to the Disabled Veterans Wildlife Facility, which is owned and operated by Tom Love. The facility is located on the Gobbler Ridge Farm southwest of Bloomfield.

Members of the Sikeston Jaycees also enjoyed a tour at the facility along with several members of the Dexter's American Legion Kenady-Hanks Post 59. The 125 acre farm is maintained by the American Legion through monetary donation they receive. This donation will be utilized for road maintenance and for the construction of a handicap accessible fishing dock.

Veterans who are disabled are invited to spend a day or the entire night to hunt, photograph the wildlife, or to just enjoy the scenery.

Mr. Love who serves as chairman of the facility and is also a member of the Kenady-Hanks American Legion Post 59 was quite excited to receive the generous donation.

Shown in the photo are Sikeston Jaycees President Shawn Towe, Love, and Shawn Goodman, a member of Henry Meldrum American Legion Post 114.

If you would like to know more about the Disabled Veterans Wildlife Facility contact Tom Love at 573-820-0802 or James Adams of the American Legion Post 59 at 573-421-3660.
