Watch for Farm Vehicles During Planting Season

*Submitted by  
Dee Loflin, SMT Manager/Editor*

**Missouri** - With planting season in full swing, the Missouri Department of Transportation wants to remind motorists to pay extra attention for farm equipment using and crossing state roadways.

"Spring planting time is a busy time of the year for Missouri's farm families, and MoDOT wants to make it a safe time of year too," said MoDOT Director Dave Nichols. "Tractors, trucks and other farm equipment are slow moving, and motorists may be surprised when they come up behind one on a Missouri highway."

Missouri's 33,000 miles of state roadway pass alongside the fields of more than 100,000 farms throughout the state.

Motorists are advised to slow down when approaching farm vehicles. Be patient as the farm vehicles travel to their field entrances. In passing zones, please wait until it is safe and pass at a safe distance and speed.
