"Drive Sober or Get Pulled Over' Campaign Will Target Drunk Drivers"

Dexter, Missouri - From mid-August through Labor Day, local police will be out in force as part of the annual nationwide "Drive Sober or Get Pulled Over" crackdown on drunk driving. The crackdown, which will include high-visibility enforcement throughout Dexter, will run from August 15 through September 1, 2014.

The effective nationwide drunk driving crackdown will include high-visibility enforcement, high-profile events, and will be supported by national paid advertising, creating a comprehensive campaign to curb drunk driving in August and through the Labor Day holiday weekend.

Dexter Police Department said its Officers will be aggressively looking for drunk drivers during the crackdown and will arrest anyone caught driving drunk.

Although it is illegal in all 50 States, the District of Columbia and Puerto Rico to drive drunk (having a blood alcohol concentration of .08 or higher), far too many

people across the nation get behind the wheel after consuming too much alcohol. The latest statistics from the National Highway Traffic Safety Administration underscore the serious nature of the nation’s continuing drunk driving epidemic.

“Every year, about one third of all motor vehicle traffic deaths involve one or more impaired drivers or motorcycle operators,” said Chief Sammy Stone. “In 2013, 223 people died in Missouri crashes involving impaired drivers. That works out to approximately one impaired driving fatality every 1 ½ days.”

Chief Sammy Stone added that holidays such as the Labor Day holiday are particularly dangerous.
