"All-region teams are selected by MHSVCA member coaches. This award recognizes season-long play in one of five regions of the state established by the MHSVCA. During the last week of the regular season, each member coach can vote for as many as eight players per class in their own region only. The votes are tallied and the top eight vote "getters" (and ties) in each region are named to the first team, the next eight (and ties) are named second team and the next eight (and ties) are named honorable mention. A player must have a minimum of two votes to be considered all-region. For a player to be honored, their coach must be a member of MHSVCA. If a region does not have enough players to complete a team, then a region may not have a second team or honorable mention team."

Congratulations to the ladies who made All-Region honors!

All-State Recognition

Class 3

Dexter's Jessica Lindsey was selected second-team All-State. Shyann Jines received honorable mention All-State.

Class 2

Bloomfield's Lindsey Young was selected first-team All-State and Chelsea Delay was selected second-team All-State. Woodland's Krista Rhodes received honorable mention All-State team.

Class 1

Bernie's Morgan Baker was selected first-team All-State and Kayli Tanner received honorable mention All-State team.

"All-state teams are determined by a committee that meets on Saturday afternoon of the state tournament. Any all-region player is eligible for all-state because (depending on regional strength), a second team player from one part of the state may be better than a first team player from another part of the state. Coaches of all-region players send in a profile that lists season stats, honors and other

information to assist the committee. For a player to be honored, their coach must be a member of MHSVCA. The committee then selects between 8-12 players to be on each class's first team, second team and honorable mention teams."

Congratulations ladies on a great season and All-State honors!
