Rotarians Receive Perfect Attendance Pins

Dexter, Missouri - At the December 16th morning Rotary meeting three "young" men were honored with Perfect Attendance pins. Jack Rodgers and Wayne Jean received pins for 41 years of perfect attendance while Danny Talkington received his pin for 31 years of perfect attendance.

The Rotary Club meets weekly and hosts several fundraisers, four blood drives per year and they host an annual 4-person golf tournament in June. Fellow Rotarians are amazed that they never miss a meeting and never fail to show-up to volunteer their time at community events. Thank you for your service and your commitment to Service Above Self.

The Rotary Club is always looking for people to join them each week at the American Steakhouse in Dexter. First and third Tuesday are morning meetings at 7:00 a.m. Second and fourth Tuesday are noontime meetings. If a month has 5 Tuesday then it's dinner with their spouse at a different restaurant voted on by the club.

Rotary is an international service organization whose stated purpose is to bring together business and professional leaders in order to provide humanitarian services, encourage high ethical standards in all vocations, and help build goodwill and peace in the world. If you are interested in joining Rotary, please contact Jack Rodgers at jrod63841@yahoo.com or 573-624-5762.

Wreaths Across America Planned for Saturday

DECEMBER 12TH 2014 BY DEE LOFLIN

Wreaths Across America Planned for Saturday

Bloomfield, Missouri – Every year since 1992, Wreaths Across American has been held across the country. Last year 20,000 volunteers unloaded 33 trucks and placed over 110,000 wreaths on graves.

A very special ceremony will be held on Saturday, December 13th at 11:00 a.m. at the Missouri State Veterans Cemetery in Bloomfield to coincide with programs across the country.

Approximately 2,000 wreaths will be placed on Veterans graves throughout the cemetery. Randy Dunn will serve as master of ceremonies and seven special wreaths one for each branch, Army, Marines, Navy, Air Force, Coast Guard, Merchant Marines, and a POW/MIA veterans' wreath will be placed as memorials.

Wreath Across America is a non-profit organization and formed as an extension of the Arlington Wreath Project. Arlington will conduct their ceremonies at the same time as Bloomfield.

No matter the weather tomorrow, rain, sleet or snow the wreaths will be placed on veterans' graves. It will be a powerful image: a veteran's headstone and an evergreen wreath wrapped in red ribbon. It's an honor to participate. It's a time of remembrance and a kind gesture of gratitude.

Please come out and honor those who have given so much. The public is encouraged to attend the ceremony beginning at 11:00 a.m.

Our Vision

All children will learn, grow and develop to realize their full potential.

Our Mission

To provide the information, support and encouragement parents need to help their children develop optimally during the crucial early years of life.

Our Values

The early years of a child's life are critical for optimal development and provide the foundation for success in school and in life.

Parents are their children's first and most influential teachers. Established and emerging research should be the foundation of parent education and family support curricula, training, materials and services.

All young children and their families deserve the same opportunities to succeed, regardless of any demographic, geographic or economic considerations. An understanding and appreciation of the history and traditions of diverse cultures is essential in serving families.

History

In 1981, Missouri pioneered the concept of helping parents embrace their important role as their child's first and best teacher. Today, Parents as Teachers continues to equip early childhood organizations and professionals with information and tools that are relevant—and widely applicable—to today's parents, families and children.

The Parents as Teachers leadership team and Board of Directors is engaged in a three-year [strategic plan](#), which positions the organization as a valued partner to support the organizations and professionals who serve families and children, especially those most vulnerable.

The concept for Parents as Teachers was developed in the 1970s when Missouri educators noted that children were beginning kindergarten with varying levels of school readiness. Research showed that greater parent involvement is a critical link in the child's development of learning skills, including reading and writing.

Early childhood professionals suggested that a program to provide early detection of developmental delays and health issues, and parent education to help parents understand their role in encouraging their child's development from the beginning could help improve school readiness and parent involvement.

With funding from the Missouri Department of Elementary and Secondary Education and The Danforth Foundation, Parents as Teachers began in 1981 in Missouri as a pilot project for first-time parents of newborns. Recognizing the program's benefits and cost effectiveness, the Missouri legislature provided state funding in 1985 to implement Parents as Teachers programs in all Missouri school districts. Since 1985, Parents as Teachers has expanded to all 50 states and six other countries.
