## Big Dreams, Bigger Heart and God at Her Side

**Dexter, Missouri** – Kristin Stevens is a beautiful young lady from small town American with big dreams. Growing up in Bernie, Missouri she began singing at an early age which brought her closer to God.

“God has placed a calling on every individual’s life and I believe it’s up to us to pursue it,” stated Kristin. “That’s exactly what I want to do with my life. I am 24 years old and now live in Dexter, but I grew up in Bernie and that will always be home.”

At the age of 20 Kristin started leading praise and worship in the youth group at the Lighthouse Church. She grew up in a Christian family and had great parents that taught her to have a relationship with God.

“I am simple and just your average “Joe”, but I am running after the calling God has placed in my life,” continued Stevens. In January she started her second recording process at Walker Brothers Studio. “I grew up with them so getting to work with both of them is such a blast and they have incredible talent when it comes to music. I just have a blast being able to be involved in something like this.”

Kristin has a little experience in recording. She has already released her first album called Jump! “That was my starting points as we go we learn so much,” Stevens said. “I am looking forward to my next round!”

"JUMP" was released and has done remarkably well locally with Christian songs such as Reign in Me, Hold Me, Breathe Into Me, Everything, Jesus in the House, A New Melody, and More Than Enough.

"Jump" is my fast song and a constant reminder of what God has done for me. The chorus, "make me wanna jump" is motivational and makes me think about everything that I have gone through and what God had done for me," stated a very bubbly young and talented lady. "I get excited about this song and God inspired me to write it to excite others."

Kristin is not looking to be famous and rich, but to sing for God and whatever God's plans are for her and what He wants me to do. "When people hear my voice and listen to the words they can praise God and enter into worship."

When she was 17 she lost her father. That was the night that her only hope became God alone. He was the only one she could run to and who could comfort a hurt so deep. "My goal is to lead people to God," Kristin continued. "If a song can take them back and make them see all that God has brought them through and make them fall in love with the one who has created them then absolutely that's what I want to do."

Kristin loves music and loves to sing. She has this energy that just warms the soul and wants to help people however that might be. She has a big heart and a kind and loving spirit about her. "If we aren't living for a Savior who paid the ultimate sacrifice then how are we really living at all?"

Now that she is working on her second CD with a music video to follow she will be traveling and playing at other churches to show everyone what she has to offer and hopefully people will hear her music and believe and love each other.

"That's what we are all put on this earth to do is to love. I think you should show or tell someone you love them at every opportunity. Life's too short not to tell them how you feel."
