# Tuesday is National Pink Day

JUNE 22ND 2015 BY DEE LOFLIN

## Tuesday is National Pink Day

**National Pink Day** is observed annually on June 23rd. This day is set aside for the color pink and all it represents.

*First used as a color name in the late 17th century, pink as a pale red color which got its name from a flower of same name.*

Surveys were taken in both the United States and Europe with results indicating that the color pink combined with white or pale blue is most commonly associated with femininity, sensitivity, tenderness, childhood and the romantic. Pink, when combined with violet or black is associated with eroticism and seduction.

Dating back to the 14th century, “to pink” (the verb) means “to decorate with a perforated or punched pattern”.

In the Middle Ages, pink was not a common color. Occasionally it was seen in women’s fashion and religious art. In the 13th and 14th century, the Christ child was sometimes portrayed dressed in pink, the color associated with the body of Christ. Pink was mainly used for the flesh color of faces and hands during the Renaissance.

The Rococo Period (1720-1777) was the golden age for the color pink. Pastel colors became very fashionable in all the courts of Europe during this time. Madame de Pompadour (1721-1764), the mistress of King Louis XV of France, was known for wearing the color pink, often combined with light blue. At one point in time, Ms. Pompadour had a particular tint of pink made specifically for her.

Pink ribbons or decorations were worn by young boys in 19th century England. The men in England wore red uniforms and since boys were considered small men, boys wore pink.

Pink became much bolder, brighter and more assertive in the 20th century and in 1931, the color “Shocking Pink” was introduced.

*As one of the most common colors of flowers, pink serves to attract the insects and birds that are necessary for pollination.*

## Frogging Season Begins June 30th at Sunset

JUNE 19TH 2015 BY DEE LOFLIN

[Frogging Season Begins June 30th at Sunset](#)

**Missouri** - The Missouri Department of Conservation (MDC) encourages Missourians to

discover nature this summer -- and one fun and exciting way is through frogging. Frogging season begins Tuesday, June 30, at sunset and ends Oct. 31.

Frogging can be done with either a fishing permit or a small game permit. Children under the age of 16 and Missouri residents 65 years of age or older are not required to have a permit. The Wildlife Code of Missouri allows those with a fishing permit to take frogs by hand, hand net, atlatl, gig, bow, trotline, throw line, limb line, bank line, jug line, snagging, snaring, grabbing or pole and line. With a small game hunting permit, frogs may be harvested using a .22-caliber or smaller rimfire rifle or pistol, pellet gun, atlatl, bow, crossbow, or by hand or hand net. The use of an artificial light is permitted when frogging.

Missouri has two frog species that are legal game — bullfrog and green frog. Bullfrogs are larger and therefore more sought-after. The taste and texture of frog meat is similar to that of fresh-water fish. For frog leg recipes, visit the MDC website at [mdc.mo.gov/node/15131](http://mdc.mo.gov/node/15131).

The daily limit is eight frogs of both species combined. The possession limit allows you to have no more than 16 frogs at a time.

It's important to know once a frog is speared or shot, it must be harvested. The Wildlife Code of Missouri prohibits the release of a speared frog as "wanton waste" because the animal is not likely to recover. Any frog taken into actual possession, unless immediately released unharmed after being caught, is included in the daily limit.

Almost any place with enough water to float a canoe is likely to harbor at least a few frogs. Frogs can be found in farm ponds and huge reservoirs, creeks, drainage ditches and rivers, sloughs, marshes and swamps statewide.

Conservation makes Missouri a great place to hunt and fish, so grab a gig and visit a pond or simply grab a frog and head to the frying pan before the "frog days" of summer are over.

# Gov. Nixon Declares State of Emergency in Missouri

JUNE 19TH 2015 BY DEE LOFLIN

## Gov. Nixon Declares State of Emergency in Missouri

**Jefferson City, Missouri** - Gov. Jay Nixon declared a state of emergency in Missouri as heavy rain, flooding and flash flooding continue to impact large portions of the state.

The heavy rain associated with the severe weather already has led to flooding along many streams and rivers; at least one drowning has been reported in connection with the flooding in Missouri. More heavy rain is expected across the state in the next few days in connection with the remnants of tropical depression Bill.

“As significant flooding continues to impact large portions of the state, I have directed state emergency management personnel and the Missouri State Highway Patrol to take

action to assist local communities and protect the public,” Gov. Nixon said. “With more heavy rain in the forecast, we will continue to remain in direct contact with law enforcement and local officials as we work to protect lives and property.”

In addition to the Mississippi River, a number of smaller rivers and streams are expected to hit major flood stage including the Meramec River, the Bourbeuse River, the Cuivre River and Dardenne Creek.

Thousands of acres used for agriculture, especially along the Missouri and Mississippi rivers, are among the areas that have been impacted or are under threat from flooding. The Governor said it includes some of the most productive farmland in the country.

The State Emergency Operations Center has been actively monitoring the storm system, and Gov. Nixon has been receiving updates from his emergency management team to assess the current weather situation and address local needs. The team includes senior officials from the Missouri Department of Public Safety, Missouri National Guard, Missouri State Highway Patrol and the State Emergency Management Agency. The Missouri State Emergency Operations Plan also has been activated, allowing state agencies to coordinate directly with local jurisdictions to provide emergency services.

The Governor urged residents of flood-affected areas of Missouri to pay close attention to weather warnings and follow the safety instructions of local officials as the potential for additional dangerous flooding continues. Missourians, especially motorists, are encouraged to remember these important safety tips on flooding and high water:

Do not walk through moving water. Six inches of moving water can make you fall. If you have to walk in water, walk where the water is not moving. Use a stick to check the firmness of the ground in front of you.

Do not drive into flooded areas. If floodwaters rise around your car, abandon the car and move to higher ground if you can do so safely. You and the vehicle can be quickly swept away. Six inches of water will reach the bottom of most passenger cars, causing loss of control and possible stalling.

A foot of water will float many vehicles. Two feet of rushing water can carry away most vehicles, including sport utility vehicles and pick-ups. Even if the water appears shallow enough to cross, don't try it. Water hides dips in the road. Worse yet, there may be no road at all under the water. Flooding can scour away the entire road surface and a significant amount of ground beneath.

Missourians who need disaster information, shelter information, and referrals are urged to call 211. The 211 service is now available throughout Missouri.

## Poplar Bluff Teen Missing, Contact Police If Found

JUNE 12TH 2015 BY DEE LOFLIN

[Poplar Bluff Teen Missing, Contact Police If Found](#)

**Poplar Bluff, Missouri** - The Poplar Bluff Police Department is investigating the disappearance of a Poplar Bluff, Mo. teen.

Family members contacted police yesterday morning, reporting Victoria Frazier missing.

Reports say Frazier left her residence voluntarily, at around 5:00 am, but has not been in contact since that time.

Frazier has remained active on social media, but her whereabouts are unknown.

Anyone with information about Victoria Frazier's whereabouts is asked to contact the Poplar Bluff Police Department at 573-785-5776 or [contactus@pbpolice.org](mailto:contactus@pbpolice.org).

# Sunday is National Flag Day

---

## Sunday is National Flag Day

**United States** - People across the United States will celebrate Flag Day on June 14 to honor the United States flag and to commemorate the flag's adoption.

Old Gory has changed designs over the year. It consists of 13 equal horizontal stripes of red alternating with white, with a blue rectangle in the canton bearing 50 white five pointed stars. Each of the 50 stars represents one of the 50 states and the 13 stripes represent the original 13 colonies that became the first states in the Union.

Flag Day falls within National Flag Week, a time when Americans reflect on the foundations of the nation's freedom. The flag of the United States represents freedom and has been an enduring symbol of the country's ideals since its early days.

Americans will also remember their loyalty to the nation, reaffirm their belief in liberty and justice, and observe the nation's unity.

Many people in the United States honor this day by displaying the American flag at homes and public buildings. Other popular ways of observing this holiday include: flag-raising ceremonies; Flag Day services; school quizzes and essay competitions about the American flag; musical salutes; street parades; and awards for special recognition.

Organizations such as The National Flag Day Foundation are actively involved in coordinating activities centered on the event and keeping the flag's traditions alive. Following Flag Day is Honor America Days, a 21-day period through to Independence Day (July 4) to honor America. During this period, people hold public gatherings and activities to celebrate and honor the nation.
