Magician Fascinates Children at Keller Public Library

Dexter, Missouri - Keller Public Library hosted another great Summer Reading Program on Wednesday, July 1st. Magician Marty Hahne delighted youngsters and adults with his mighty magic.

Marty has almost 30 years experience performing magic. He is regarded as one of the top entertainers for children and recently flew to New Zealand to teach at their international magic conference.

The children were completely engaged throughout Marty's performance. There were even a few adults wondering how he performed some of his magical feats. It was certainly one of the most entertaining moments in library history.

The "Every Hero Has a Story" series continued Wednesday, July 8th at 11:00 a.m. with Missouri Conservation Agent Mark Reed. He will present a program on animals native to Missouri.
