What is [True Colors](#) and [what can it do for me?](#)

True Colors® is a model for understanding yourself and others based on your personality temperament. The colors of Orange, Gold, Green and Blue are used to differentiate the four central personality styles of True Colors®. Each of us has a combination of these True Colors that make up our personality spectrum, usually with one of the styles being

the most dominant. Identifying your personality and the personalities of others using True Colors provides you with insights into different motivations, actions and communication approaches. True Colors works because it is based on true principles and easy to remember and use – in all kinds of circumstances – from personal relationships to professional success.
