Dexter, Missouri - Dexter Police will be joining efforts with statewide law enforcement on November 25 for an aggressive “Click It or Ticket” mobilization to get more motorists to buckle up - and save more lives.

Despite evidence proving the benefits of wearing a seat belt, 20% of Missouri motorists are still not making it click. Even worse, 63% of individuals killed in crashes in Missouri were unrestrained.

“Local motorists should be prepared for stepped up *Click It or Ticket* enforcement,” said **Lieutenant Benton**. “We’ll be out there to remind you seat belts can – and do – save lives.”

Buckle Up and Arrive Alive. For information on Missouri seatbelt usage, visit

True Colors® is a model for understanding yourself and others based on your personality temperament. The colors of Orange, Gold, Green and Blue are used to differentiate the four central personality styles of True Colors®. Each of us has a combination of these True Colors that make up our personality spectrum, usually with one of the styles being the most dominant. Identifying your personality and the personalities of others using True Colors provides you with insights into different motivations, actions and communication approaches. True Colors works because it is based on true principles and easy to remember and use – in all kinds of circumstances – from personal relationships to professional success.
