Garrett Kyle to Participate in Medical Mission

Garrett Kyle to Participate in Medical Mission

Dexter, Missouri - Garrett Kyle is a 2016 graduate of Dexter High School and is currently studying at Evangel University. He was selected to participate on a medical mission trip to Greece and Macedonia in May of 2017 with HealthCare Ministries.

"I am really excited about this as I will get to help those who are ill and have a chance to spread God's love to others," commented Kyle. "I am really close to reaching my fundraising goals and would appreciate any help!"

HealthCare Ministries is the medical outreach of the Assemblies of God World Missions. With the help of volunteer healthcare professionals and generous donors, HCM uses medical evangelism to show compassion to people who are unreached by the Gospel and also, national church members. HCM partners with local missionaries and churches to set up five-day clinics that offer free medical care to bring "His Hope that Heals" to the nations. Our team will offer optical, dental and medical care in the clinic and present the Gospel message of salvation to every patient.

Garrett is the son of Roger and Sherry Medler.

"Thank you for supporting me in this endeavor!! I believe that this will help me gain very valuable experience that will help prepare me for a career in the medical field!"

Garrett Kyle has a **GoFundMe** page set up for donations or if you would like to stop in at Medler's Cleaners in Dexter, they are accepting donations.
