Stoddard County Sheriff's Office Warns Public About SCAM!

Stoddard County, Missouri - The Stoddard County Sheriff's Department put out an alert warning people of a possible SCAM in the area. According to the Sheriff's office they have received several calls this week from local residents who received phone calls from Publishers Clearing House.

Remember not to give out any personal information when receiving any phone call.

Other residents have also received phone calls from a credit card company wanting to lower your interest rate on your credit card. They need to verify information such as a bank account number or the last four digits of your social security number.

These potential scams can be damaging to your credit as they may use your personal information to set up accounts, credit cards, or use to steal your identity.
