# Bernie PAT April Students of the Month

APRIL 11TH 2017 BY DEE LOFLIN

## Bernie PAT April Students of the Month

**Bernie, Missouri** - The Bernie Parents as Teachers' Students of the Month for April 2017 are Ariella Speer and Brentley Magouirk.

They are the children of Danielle Speer and Tony Magouirk.

Ariella Rae is two years old and loves to play on her tablet and read books. She impresses her mommy with how fast she catches on to new words and phrases, and her family always enjoys her fun and sassy attitude.

Brentley Bishop is 13 months old and loves playing with his big sister. He enjoys playing with balls, learning new words, his sippy cup, and being outside.

The family's favorite parts of participating in the PAT program include all of the new activities and books they get to play with during each home visit, and Danielle enjoys learning ways to help her children grow and learn, all while having fun.

If you would like to know more about Parents as Teachers contact Courtney McGarity or Casey Arnold at 573-293-5335, ext 293 or find them on Facebook by clicking [HERE](#).

The following information was taken directly from the Parent as Teachers Missouri website. For more information click [HERE](#).

## Our Vision

All children will learn, grow and develop to realize their full potential.

## **Our Mission**

To provide the information, support and encouragement parents need to help their children develop optimally during the crucial early years of life.

## **Our Values**

The early years of a child's life are critical for optimal development and provide the foundation for success in school and in life.

Parents are their children's first and most influential teachers.

Established and emerging research should be the foundation of parent education and family support curricula, training, materials and services.

All young children and their families deserve the same opportunities to succeed, regardless of any demographic, geographic or economic considerations.

An understanding and appreciation of the history and traditions of diverse cultures is essential in serving families.

## **History**

In 1981, Missouri pioneered the concept of helping parents embrace their important role as their child's first and best teacher. Today, Parents as Teachers continues to equip early childhood organizations and professionals with information and tools that are relevant—and widely applicable—to today's parents, families and children.

The Parents as Teachers leadership team and Board of Directors is engaged in a three-year strategic plan, which positions the organization as a valued partner to support the organizations and professionals who serve families and children, especially those most vulnerable.

The concept for Parents as Teachers was developed in the 1970s when Missouri educators noted that children were beginning kindergarten with varying levels of school readiness. Research showed that greater parent involvement is a critical link in the child's development of learning skills, including reading and writing.

Early childhood professionals suggested that a program to provide early detection of developmental delays and health issues, and parent education to help parents understand their role in encouraging their child's development from the beginning could help improve school readiness and parent involvement.

With funding from the Missouri Department of Elementary and Secondary Education and The Danforth Foundation, Parents as Teachers began in 1981 in Missouri as a pilot project for first-time parents of newborns. Recognizing the program's benefits and cost effectiveness, the Missouri legislature provided state funding in 1985 to implement Parents as Teachers programs in all Missouri school districts. Since 1985, Parents as Teachers has expanded to all 50 states and six other countries.

# National Library Week to be Observed April 9th - 15th

APRIL 10TH 2017 BY DEE LOFLIN

## National Library Week to be Observed April 9th - 15th

Dexter, Missouri - National Library Week will be observed April 9th - 15th by Keller Public Library in Dexter. They are recognizing the Library Board of Trustees and waiving fees for overdue material if returned during the week.

Library Board Trustees are President Chris Brannon, Vice President Debbie Vanslyke, Treasurer Brett Miler, Secretary Teresa Overall, Dave Ellinghouse, Renee Trout, Ashley Mayer, Connie Churchhill, and Kristi Banken, and City Council Liaison Tim Aslin.

Keller Public Library joins libraries in schools, campuses, and communities nationwide in celebrating the many ways libraries are transforming their communities every day through the services and invaluable expertise they offer.

The role of the library has changed for librarians and library workers. Libraries of all types are evolving to meet the needs of the communities they serve.

Elected officials, small business owners, students and the public at large depend upon libraries and the resources they offer to address the needs for their communities.

The library embraces the entire community, offering unlimited opportunities for personal growth and lifelong learning," stated Library Director Pam Trammell. "Libraries level the playing field for people of any age who are seeking the information and access to technologies that will improve their quality of life."

Libraries also offer something unique to their communities - the expertise of individual librarians.

The Board of Trustees give freely of their time and expertise to provide the best possible library service.

"They are tireless library advocates who establish policies and long-term goals, oversee the general operation of the library and budget process and promote the library in the community," commented Trammell.

"The waiving of overdue fees is a courtesy offered annually by the library to say thank you for supporting our library," Trammell said.

For more information about the Keller Public Library call (573) 624-3764 or check out their website at [www.kellerpl.org](http://www.kellerpl.org) or just stop in at 402 West Grant Street.

# Garden Symposium Workshop Planned

APRIL 10TH 2017 BY DEE LOFLIN

Garden Symposium Workshop Planned

Dexter, Missouri - The University of Missouri Stoddard County Extension Office will conduct a Garden Symposium workshop on Saturday, April 29, at the Faith Lutheran Church, 1002 Saddle Spur Road in Dexter, MO.

The program will bring Extension Specialists to Dexter who will provide practical knowledge on gardening, garden fertilization, native plants, farmers markets and other

topics.

This is a great opportunity for garden enthusiasts and small commercial growers in the area to ask questions and gain knowledge on garden related topics.

The Garden Symposium will begin at 9 a.m. with a welcome followed by presentations by Sarah Denkler, Horticulture Specialist, Jeff House, Agronomy Specialist and Van Ayers, Community Development Specialist. Kara McSpadden from Missouri Department of Conservation will discuss native plants. Master Gardeners will present on several garden topics.

The event includes lunch with activities concluding by 1:30 p.m. To register call the University of Missouri Stoddard County Extension Office at 573-568-3344. There is a \$10 fee payable at the door.

University of Missouri Extension provides equal opportunity to all participants in extension programs and activities, and for all employees and applicants for employment on the basis of their demonstrated ability and competence without discrimination on the basis of race, color, national origin, ancestry, religion, sex, sexual orientation, gender identity, gender expression, age, genetic information, disability, or protected veteran status.

# El Camino Real Tour by MSSDAR

MARCH 30TH 2017 BY DEE LOFLIN

---

## El Camino Real Tour by MSSDAR

The Missouri State Society Daughters of the American Revolution (MSSDAR) celebrated the 100th Anniversary of the El Camino Real Markers on Friday, March 10. MSSDAR Missouri Trails Chair Lemira Parks organized the event. El Camino Real is the oldest public road in Missouri and was the main line of travel from New Madrid to St. Louis.

Centuries ago the road was traversed by Native Americans in their expeditions and by the French and Spanish and early pioneers. In later years, it was the first post road and telegraph road west of the Mississippi and the main highway in this part of the state for military usages during the Civil War.

There were a number of important settlements along El Camino Real. Kimmswick was the site of a ferry crossing established by Jean Baptiste Gomache. Ste. Genevieve is the oldest settlement in Missouri followed by St. Louis and then New Madrid, Cape Girardeau, and “Little Prairie” which is Caruthersville today. Perryville was important due to being near a salt springs. Sikeston, Benton, and Rock Levee (Scott City) were also important stops along the Royal Road or King’s Highway.

The marking of this trail was a labor of love for Mrs. Jennie Kochtitzky and the Old Trails Road Committee of MSSDAR. In 1914, Mrs. Kochtitzky discussed the mapping out of the trail and the plans for marking the route. In 1915, discussion of the cost of marking and the hope of getting money was evident. MSSDAR was sure this would happen, but a fire at the Warrensburg Normal School (University of Central Missouri) caused the allotted funds to be redirected. Other MSSDAR funds were applied to the cause and three Missouri red granite boulders were purchased for \$100. The three markers purchased were sent to New Madrid, Sikeston, and Rock Levee (Scott City). Two more boulders were purchased and placed at Caruthersville and Benton. By 1917, four more boulders had been purchased to be placed at Cape Girardeau, Perryville, Ste. Genevieve, and Kimmswick.

The ceremony held at the Benton El Camino Real marker was hosted by the Crowley’s Ridge Chapter of Dexter and the Chalk Bluff Chapter of Campbell. Attending from the Crowley’s Ridge chapter were Glynda Bates, Shirley Richards, and Shirley Carney, Treasurer. Attending from the Chalk Bluff Chapter were Lemira Parks, Ann Polsgrove, and Martha Fine.

Photo and article submitted.
