Scott City Interchange Construction to Begin, Completion Date January 2018

Scott City Interchange Construction to Begin

Work to construct the Scott City interchange in Scott County will begin Monday, July 17, weather permitting.

As construction is underway, the Route PP overpass bridge over Interstate 55 will be closed. The Route PP overpass will be replaced with a wider, three-lane bridge to accommodate turning movements for the new interchange. The project includes constructing a new roadway from Route 61 at Kelso to the overpass bridge.

Completion is anticipated in January 2019, weather permitting.

The interchange will provide access to south Scott City, as well as a connection from Interstate 55 to Kelso. The project will also relieve congestion at the Route 61/K/M/I-55 interchange.
