Watch Out for Motorcycles!

Watch Out for Motorcycles!

Warm spring weather has arrived, and motorcyclists are eager to hit the road. As they rev their engines and prepare for numerous road trips to come, the Missouri Coalition for Roadway Safety wants to remind motorists and motorcyclists alike to watch for motorcycles to help prevent motorcycle crashes, deaths and injuries on Missouri roadways.

The National Highway Traffic Safety Administration offers the following tips to drivers on how to prevent a fatal crash with a motorcycle:

- Allow the motorcycle the full width of a lane at all times.
- Always signal when changing lanes or merging with traffic.
- Check all mirrors and blind spots for motorcycles before changing lanes or merging with traffic, especially at intersections.
- Never drive distracted or impaired.

Motorcyclists must also take precautions to remain safe on the road. Motorcyclists can increase their safety by following these steps:

- Wear a DOT-compliant helmet and other protective gear.
- Obey all traffic laws and be properly licensed and trained.
- Wear brightly colored clothes and reflective tape to increase visibility.
- Ride in the middle of the lane where you will be more visible to drivers.
- Never ride distracted or impaired.
- Anticipate the moves of other drivers and be extra cautious of road conditions and debris.

Motorcycle experts recommend motorcyclists also complete some type of training before getting out on the road. There are 25 training locations in Missouri. You can find the one nearest you at www.mmsp.org.

For more information, visit www.saveMOlives.com or find us on social media at Save MO Lives. Arrive Alive.

May 2nd is National Life Insurance Day

MAY 02ND 2018 BY DEE LOFLIN

May 2nd is National Life Insurance Day

Call Russ Lacy at County Wide Insurance for all your Life Insurance needs! County Wide Insurance is located at 140 S. Walnut in beautiful downtown Dexter. (573) 624-5540

National Life Insurance Day is observed annually on May 2nd. This day marks the anniversary of the first day life insurance became available in the United States.

The sale of life insurance in the U.S. began in the late 1760s. The Presbyterian Synods in Philadelphia and New York City created the Corporation for Relief of Poor and Distressed Widows and Children of Presbyterian Ministers in 1759.

On May 2, 1759, the charter was recorded for the Corporation for Relief of Poor and Distressed Widows and Children of Presbyterian Ministers. Episcopalian priests created a comparable relief fund in 1769. Between 1787 and 1837 more than two dozen life insurance companies were started, but fewer than half a dozen survived.

Life insurance can do some pretty amazing things for people. It can buy loved ones time to grieve. It can pay off debts and loans, providing surviving family members with the chance to move on with a clean slate. It can keep families in their homes and pre-fund a child's college education. It can keep a family business in the family. It can provide a stream of income for a family to live on for a period of time.
