Dexter Police Department's Youth Alcohol Enforcement Campaign Results

Dexter Police Department's Youth Alcohol Enforcement Campaign results

Dexter, Missouri - Declaring Dexter's participation in the States May/Youth Alcohol Enforcement Crackdown "Drive Sober or Get Pulled Over" substance-impaired driving crackdown. Dexter Police reported 14 citations along with 39 warnings issued during the enforcement period, which ran from May 3 - 14, 2018.

"Substance-Impaired driving is more than a reckless choice by a few individuals," Chief Trevor Pulley. "Each year, impaired driving cost the lives of thousands on America's highways. "There were 185 people killed and 592 seriously injured in 2017 Missouri traffic crashes that involved at least one substance-impaired driver (Alcohol and/or drugs). That works out to approximately one substance-impaired driving involved fatality every two days"

A substance-impaired driver less than 21 years of age was involved in 51 of the fatalities and serious injury crashes. Dexter Police joined forces with the National Highway Traffic Safety Administration and nearly 10,000 law enforcement agencies across the country in this year's Youth Alcohol Enforcement "Drive Sober or Get Pulled Over" campaign.

For more information, visit the "Drive Sober or Get Pulled Over" Campaign headquarters at

www.TrafficSafetyMarketing.gov, or www.saveMOlives.com.

Potential Internet and Cable Company SCAM in the Stoddard County Area

BEWARE! Reports have been coming in from all over Stoddard County, Missouri and the Piggott, Arkansas area that employees from a company named Clear Home may be posing as NewWave Communications employees asking to come into YOUR home and inspect YOUR equipment. They then try to sell you Internet and Cable packages for their company.

These are NOT NewWave employees. If you have questions regarding NewWave Communications please call 888-863-9928. If you feel someone is trying to SCAM you please contact your local police department immediately!

Please be diligent when sales people come to your door. If you know of a an older person or someone that does not stay informed via social media, take time to give them a call and let them know these people are targeting our area going door to door.

Flags to Fly Half-Staff for Peace Officers Memorial Day on Tuesday

MAY 14TH 2018 BY DEE LOFLIN

[Flags to Fly Half-Staff for Peace Officers Memorial Day on Tuesday](#)

[National Peace Officers Memorial Day](#)

President John F. Kennedy declared the first Peace Officers Memorial Day on May 15, 1962, as a tribute to peace officers and in honor of peace officers who, through their courageous deeds, lost their lives or became disabled in the line of duty. This day has been observed in our country annually ever since.

On this day, and every day, it is fitting to honor those peace officers who gave their lives to protect ours, and to thank the law enforcement officers who serve for their dedication and service to our communities.

In accordance with Flag Code section 7(m), the United States flag is to be displayed at half-staff for the entire day in honor of Peace Officers Memorial Day, Tuesday, May 15, 2018. By a joint resolution approved October 1, 1962, as amended (76 Stat. 676), and by Public Law 103-322, as amended (36 U.S.C. 136-137), the President has been authorized and requested to designate May 15 of each year as "Peace Officers Memorial Day" and the week in which it falls as "Police Week."

Watch for Slow-Moving Striping Crews on the Roads

MAY 10TH 2018 BY DEE LOFLIN

Watch for Slow-Moving Striping Crews on the Roads

MoDOT's annual roadway striping operations have started and drivers will see slow-moving caravans of trucks refreshing the lines on the roadway.

Striping crews must travel slowly as they paint roadway markings to ensure a good quality line. The striping trains move between 8 and 12 mph when workers are painting white and yellow lines on the highways. The trucks have flashing lights, boards with flashing arrows and signs that say "SLOW VEHICLES" and "WET PAINT."

MoDOT crews will be striping two-lane roadways in the spring and fall and working on freeways and expressways in June, July and August.

Crisp, easy-to-see striping is a significant safety feature on roadways. The paint contains glass beads that reflect light from headlights in the dark.

Most of the striping is done during daylight hours; however, it is not uncommon to see crews working at night on interstate highways and other high-volume divided highways. Rain or very damp conditions will cancel or cut short any striping work that is scheduled.

Check out these safety tips that will help you navigate striping operations:

- Please don't drive distracted. Wear your seat belt and put your phone down. Be patient if you come across MoDOT crews. and give them space to do their jobs safely.
- Start to slow down as soon as you see the lights and signs, and keep your distance until it is safe to go around the trucks.
- On four-lane divided highways, pull around the striping train by merging carefully into the open lane, then passing all the trucks in the train before moving back into the lane.
- On two-lane highways, stay behind the last truck in the striping train. This vehicle is placed well behind the striping truck to give the new paint the few minutes it needs to dry. If traffic backs up behind the striping train, MoDOT crews will pull out of the way where it is safe to do so and let congestion clear.
- MoDOT uses water-based paint in all of its highway operations. If you drive through wet paint, clean your car as quickly as possible with a high-powered water hose, such as those used in car washes.
