BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Our Nation shares the sorrow of those affected by the shooting at the Capital Gazette newspaper in Annapolis, Maryland. Americans across the country are united in calling upon God to be with the victims and to bring aid and comfort to their families and friends. As a mark of solemn respect for the victims of the terrible act of violence perpetrated on June 28, 2018, by the authority vested in me as President of the United States by the Constitution and the laws of the United States of America, I hereby order that the flag of the United States shall be flown at half-staff at the White House and upon all public buildings and grounds, at all military posts and naval stations, and on all naval vessels of the Federal Government in the District of Columbia and throughout the United States and its Territories and possessions until sunset, July 3, 2018. I also direct that the flag shall be flown at half-staff for the same length of time at all United States embassies, legations,

consular offices, and other facilities abroad, including all military facilities and naval vessels and stations.

IN WITNESS WHEREOF, I have hereunto set my hand this third day of July, in the year of our Lord two thousand eighteen, and of the Independence of the United States of America the two hundred and forty-second.

# MO Dept of Conservation Reminds People to Celebrate Safely!

JUNE 29TH 2018 BY DEE LOFLIN

---

## MO Dept of Conservation Reminds People to Celebrate Safely!

***Be careful with fireworks, campfires, other sources of fire that could cause a wildfire.***

### **FIREWORKS ARE NOT ALLOWED ON MDC AREAS.**

**Jefferson City, Missouri** - As people celebrate this summer, the Missouri Department of Conservation (MDC) reminds everyone to be extremely careful with fireworks, campfires, and other sources of fire that could cause a wildfire.

### **FIREWORKS**

Don't light fireworks in any areas where the sparks could ignite dry grass, leaves, or other potential fire fuel. Always have an approved fire extinguisher and an available water supply to douse sparks or flames. Wet the area around where fireworks are being discharged. Check with local ordinances and authorities for bans on fireworks and open burning.

### **OUTDOOR BURNING**

Don't burn during wrong conditions. Dry grass, high temperatures, low humidity, and wind make fire nearly impossible to control. Check with local fire departments regarding burn bans that may be in place. A person who starts a fire for any reason is responsible for any damage it may cause.

### **DRIVING OFF ROAD**

Wildfires can start when dry fuel, such as grass, comes in contact with catalytic converters. Think twice before driving into and across a grassy field. Never park over tall, dry grass or piles of leaves that can touch the underside of a vehicle. When driving vehicles off road, regularly inspect the undercarriage to ensure that fuel and brake lines are intact and no oil leaks are apparent. Always carry an approved fire extinguisher on vehicles that are used off road. Check for the presence of spark arresters on ATV exhausts.

### **MAKING A CAMPFIRE**

Clear a generous zone around fire rings. Store unused firewood a good distance from a campfire. Never use gasoline, kerosene, or other flammable liquid to start a fire. Keep campfires small and controllable. Keep fire-extinguishing materials, such as a rake, shovel, and bucket of water, close. Extinguish campfires each night and before leaving camp, even if it's just for a few moments.

### **CALL FOR HELP**

Call 911 at the first sign of a fire getting out of control.

## REPORT FOREST ARSON

Wildfires are sometimes set by vandals. Help stop arson by calling 800-392-1111 and reporting any potential arson activities. Callers will remain anonymous and rewards are possible.

## MANAGED FIRE

Fire used in the wrong way can create disasters. Used in the right way, fire can help create habitat for wildlife.
