The Friends of Saint Francis, formally organized in 1975, assists Saint Francis Healthcare System Foundation in providing patient services and financial assistance to Saint Francis and the community. Since its beginning, The Friends has given more than \$4.3 million in support of Saint Francis Healthcare System. The Friends Board is composed of people from the community and employees who are committed to serving the Healthcare System in an active way.

The Friends support the Healthcare System, its patients and their families; give back to the community through service; and transform lives for the better.

Saint Francis Healthcare System Foundation is a not-for-profit, tax-exempt charitable organization that supports Saint Francis Healthcare System by strengthening the institution overall and reaffirming its mission of supporting the community and the people it serves. Formally organized in 1976, its mission reflects the Healthcare System’s priorities through fundraising efforts that support the community. The Foundation hosts several annual events, including golf tournaments; gala; Pink Up; and philanthropic activities such as annual appeals, memorials, endowment funds, planned giving, grants

and major gifts. Through the generosity of the community, staff and volunteers, the Foundation accepts contributions each year to purchase state-of-the-art equipment, provide patient and employee assistance, create new programs that help patients in the region, and improve facilities at the Healthcare System.

Saint Francis Healthcare System is guided by our mission to provide a ministry of healing, wellness, quality and love inspired by our faith in Jesus Christ. Founded by Franciscan Sisters in 1875, our priority remains the same: serve all who enter with dignity, compassion and joy. Serving nearly 713,000 people across Missouri, Illinois, Kentucky, Tennessee and Arkansas, our focus is on patients' outcomes, experience and value.

Anchored by Saint Francis Medical Center, a 308-bed tertiary hospital, and supported by nearly 2,800 employees and more than 250 providers in eight communities, the Healthcare System is a driving economic force in the region. Major services include the Cancer Institute, Emergency and Level III Trauma Center, Family BirthPlace and the region's only Level III Neonatal Intensive Care Unit, Heart Hospital, Neurosciences and Orthopedics.
