Proclamation on Peace Officers Memorial Day and Police Week, 2019

MAY 14TH 2019 BY DEE LOFLIN

Proclamation on Peace Officers Memorial Day and Police Week, 2019

On Peace Officers Memorial Day and throughout Police Week, we express our unending gratitude to our Nation's law enforcement officers. Those brave men and women selflessly confront danger to protect our families and defend our communities. We also honor those in blue who have been killed or disabled in the line of duty. We are especially mindful of the tremendous sacrifices of the 106 heroes who laid down their lives last year while protecting their communities.

My Administration is working on several fronts to enhance the health and safety of our Nation's law enforcement officers. The Department of Justice (DOJ) continues to promote initiatives that provide funding for bulletproof vests, active shooter training, the National Blue Alert System, and other programs that bolster the physical and mental health of those who protect us. We are making surplus military equipment available to law enforcement agencies. We are implementing the Law Enforcement Mental Health and Wellness Act, which I signed into law last year, to improve the delivery of and access to mental health and wellness services. And when tragedy does strike, DOJ's Public Safety Officers' Benefits Program stands ready and able to assist the families of the fallen and catastrophically injured.

The best way we can support law enforcement is to reduce violence crime. My Administration has secured \$50 million in funding for one of the most effective crime prevention strategies in America, the Project Safe Neighborhoods initiative. This results-

based and data-proven initiative is reducing violent crime nationwide by leveraging local law enforcement and community partnerships, along with strategic enforcement efforts, to arrest the most violent criminals in the most violent locations. Through the combined efforts of all levels of law enforcement, violent crime in our country is falling.

Our Nation's law enforcement officers serve with courage, dedication, and strength. They fearlessly enforce our laws, even at the risk of personal peril, safeguarding our property, our liberty, and our lives. We owe them, and their families, our full and enduring support.

By a joint resolution approved October 1, 1962, as amended (76 Stat. 676), and by Public Law 103-322, as amended (36 U.S.C. 136-137), the President has been authorized and requested to designate May 15 of each year as "Peace Officers Memorial Day" and the week in which it falls as "Police Week."

NOW, THEREFORE, I, DONALD J. TRUMP, President of the United States of America, do hereby **proclaim May 15, 2019, as Peace Officers Memorial Day and May 12 through May 18, 2019, as Police Week.** In humble appreciation of our hardworking law enforcement officers, Melania and I will light the White House in blue on May 15. I call upon all Americans to observe Peace Officers Memorial Day and Police Week with appropriate ceremonies and activities. I also call on the Governors of the States and Territories and officials of other areas subject to the jurisdiction of the United States, to direct that the flag be flown at half-staff on Peace Officers Memorial Day. I further encourage all Americans to display the flag from their homes and businesses on that day.

IN WITNESS WHEREOF, I have hereunto set my hand this tenth day of May, in the year of our Lord two thousand nineteen, and of the Independence of the United States of America the two hundred and forty-third.

DONALD J. TRUMP

Bootheel Recycling Price Sheet - May 7, 2019

MAY 08TH 2019 BY DEE LOFLIN

Bootheel Recycling Price Sheet - May 7, 2019

Dexter, Missouri - "Bootheel Recycling is a Missouri scrap metal recycling company whose customer base includes regional utility companies, large manufacturing businesses, tool and die shops, local Dexter scrap dealers, haulers, farmers and individuals across Southeast Missouri and Arkansas."

"We comply vigilantly with the laws set forth by OSHA, EPA, federal and Missouri. Our scrap metal recycling policies are honest and transparent. Our scales are certified yearly and calibrated twice a year. We belong to the Chamber of Commerce and the Institute of Scrap Recycling Industries. We are OSHA 10 certified. We have the highest graded material in the industry."

"We buy most forms of ferrous and non-ferrous metals, including copper, aluminum, stainless steel, brass, scrap iron, radiators and catalytic converters. Please consult our Scrap Metal Selling Guide to find out more about how to sell scrap metal, and how to get the most money for your scrap metal. The best indication of our success is our loyal customer base. We are nice people with good business practices. We have a very high level of return business, and our new customers often come to us by way of referral."

"Our friendly customer service staff will ensure that your recycling experience is simple and hassle-free. Our modern and streamlined processing system allows us to offer competitive prices. Please contact us today if you would like to

inquire about our services."

Striping Work to Begin in SE Missouri Cities

APRIL 23RD 2019 BY DEE LOFLIN

Striping Work to Begin in SE Missouri Cities

Striping Work to Begin in SE Missouri Cities

Watch for Slow-Moving MoDOT Trucks

Spring cleaning not only involves your house, but also Missouri's roadways. Part of the annual maintenance is repainting the lines on the road that have faded or been worn down by tires, rain and snow, and snowplow blades.

The Missouri Department of Transportation's Southeast District will kick-off striping operations by working in cities and towns. Striping crews will restripe state routes in Poplar Bluff, Kennett, Dexter, Malden, Sikeston, Cape Girardeau, and Jackson.

To help reduce the impact to traffic, striping in cities will take place overnight from 6 p.m. to 4 a.m. Weather permitting, the schedule for striping includes:

Poplar Bluff: May 5-8

Kennett, Dexter and Malden: May 12-16

Sikeston, Cape Girardeau and Jackson: May 19-23

Drivers will see slow-moving caravans of trucks refreshing the lines on the roadway with paint containing glass beads that reflect light from headlights in the dark.

Motorists are urged to use extreme caution and allow the machinery the space needed to properly apply the reflective paint.

When workers are painting white and yellow lines on the highways, striping trains move between 8 and 12 mph. The trucks have flashing lights, boards with flashing arrows and signs that say "SLOW VEHICLES" and "WET PAINT."

Safety Tips

Please don't drive distracted, wear your seat belt and put your phone down. Be patient if you come across MoDOT crews and give them the space to do their job safely.

Start to slow down as soon as you see the lights and signs and keep your distance until it is safe to go around the trucks.

On four-lane divided highways, pull around the striping train by merging carefully into the open lane, passing all the trucks in the train before moving back into the lane.

On two-lane highways, stay behind the last truck in the striping train. This vehicle is placed well behind the striping truck to give the new paint the few minutes it needs to dry. If traffic backs up behind the striping train, MoDOT crews will pull out of the way where it is safe to do so and let congestion clear.

MoDOT uses water-based paint in all of its highway operations. If you drive through wet paint, clean your car as quickly as possible with a high-powered water hose, such as those used in car washes.

Dexter PD Asking for Your Help to Identify this Person

APRIL 22ND 2019 BY DEE LOFLIN

Dexter PD Asking for Your Help to Identify this Person

Dexter, Missouri - On Thursday April 18th 2019, a local bank contacted the Dexter Police Department to report someone placing a “skimming” device on an ATM machine. During the investigation, it was revealed the device was placed on and removed from the ATM on April 3rd 2019. The local bank contacted their compromised customers and made them aware of the situation.

The “skimmer” or “skimming device” is an electronic device which reads and stores data contained within a credit/debit card, commonly associated in the theft or credit/debit card information.

The Dexter Police Department is requesting the public’s help in identifying the person captured on surveillance video at the ATM location. Please contact the Dexter Police Department at 573-624-5512.

The Dexter Police Department offers these tips for staying safe from card skimmers:

- Wiggle the partition where you place your credit or debit card prior to conducting any transaction. If the credit card slot area is loose, notify an employee of the business of your

findings.

- Check gas pumps before inserting any credit card into a scanner. Consumers can look for a sticker that crosses between a pump and the pump access door that is located near the credit card slot. If that sticker has been cut or if there is tape residue, notify a store attendant and law enforcement should be notified.
- When entering your Personal Identification Number (PIN), cover the keypad with your other hand to shield your PIN from any cameras in the vicinity. Change your PIN number occasionally.
- Monitor bank accounts and credit card statements for fraudulent charges. If any appear on your statements, immediately contact your banking institution or credit card company to dispute them. Then notify your local law enforcement agency.
