Dexter Police Will Crack Down on Child Restraint Violations

SEPTEMBER 16TH 2019 BY DEE LOFLIN

Dexter Police Will Crack Down on Child Restraint Violations

Missouri Law Requires Children under Eight to Be Restrained in Child Safety Seat.

Dexter, Missouri - Missouri law requires all children under the age of eight to be in an appropriate child safety seat or booster seat unless they are 80 lbs or 4'9" tall.

Dexter Police announced today they are joining with law enforcement agencies across the state September 15-21 for the annual Child Passenger Safety Week Law Enforcement Campaign to help reduce highway fatalities and serious injuries by cracking down on Missouri's child safety seat law violators.

Car crashes are one of the leading killers of kids. The proper use of a booster seat can reduce the risk of serious injury by 45 percent for children aged 4-8 years when compared with a standard seat belt by itself. Using the proper child safety seat provides children with the greatest opportunity to survive a crash.

Chief Trevor Pulley said regular child safety seat and safety belt use is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.
