Nominations are Being Accepted for the January 2020 Election of the Stoddard County UMC-Extension Council Members,

NOVEMBER 26TH 2019 BY DEE LOFLIN

Nominations are Being Accepted for the January 2020 Election of the Stoddard County UMC-Ex

Nominations are being accepted for the January 2020 election of the Stoddard County University of Missouri Extension Council members, according to Council Chairman Gary Wyman.

Council members are elected or appointed to two-year terms and may not serve more than two consecutive terms. Nominees must be at least 18 and must reside in Stoddard County. Nominations must be made prior to December 13, 2019.

"We want nominees who are interested in education and the progress of our community," Chairman Gary Wyman said. "The resources of the University of Missouri System and Lincoln University are available to us. We need active council members to help plan educational programs and to work with University of Missouri Extension specialists."

Nominations may be made through the council chairman or the county extension center. Nominees will be contacted to secure their permission to place their names on the January 2020 ballot.

University of Missouri Extension offers educational programs in categories such as agriculture, home economics, business and industry, community development, youth development (4-H) and various continuing education courses, seminars and workshops.

Information or literature about University of Missouri Extension programs is available at the Stoddard County extension center located at 316 S. Prairie Street, Bloomfield, MO, at our web site: <http://extension.missouri.edu> and feel free to contact us at 573-568-3344 for more information.

Notice of Cyber Attack at Ferguson Medical Group

NOVEMBER 20TH 2019 BY DEE LOFLIN

[Notice of Cyber Attack at Ferguson Medical Group](#)

Sikeston, Missouri - On September 21, 2019, Saint Francis became aware that the computer network that Ferguson Medical Group, LP (FMG) utilized prior to being acquired by Saint Francis Medical Center experienced a cyber attack on September 20, 2019. As a result of that attack, all of the medical records for services provided at FMG

prior to January 1, 2019, were made inaccessible to Saint Francis and they were asked to pay a ransom to regain access to the records. Saint Francis took immediate steps to secure the network and worked with federal law enforcement throughout that process.

Due to many uncertainties in these situations, Saint Francis did not pay a ransom to the attacker, but instead restored access to the medical records through available backup files; however, Saint Francis was not able to restore access to all of the impacted records. Any records for services provided at FMG between September 20, 2018, and December 31, 2018, as well as any documentation that had been scanned into the FMG system, regardless of date, were unable to be restored.

Saint Francis does not believe that this incident resulted in the disclosure of any patient information to any unauthorized third parties. While there is no indication that patient information has been or will be used inappropriately, Saint Francis is notifying all impacted individuals who can be identified and located and is advising them of precautionary steps they can take to protect themselves, including offering complimentary credit monitoring service. Information about how to enroll in the free credit monitoring is available in the letters mailed to patients or by calling the toll-free number Saint Francis established for this matter.

Saint Francis regrets that this incident occurred and is committed to providing quality care and safeguarding personal information. Saint Francis has established a call center to answer any questions that patients may have about this incident. Individuals may contact the call center at (866) 611-1186 between 8 am and 8 pm Central time, Monday through Friday.

Saint Francis Healthcare System is guided by our mission to provide a ministry of healing, wellness, quality and love inspired by our faith in Jesus Christ. Founded by Franciscan Sisters in 1875, our priority remains the same: serve all who enter with dignity, compassion and joy.

Serving nearly 715,000 people across Missouri, Illinois, Kentucky, Tennessee and Arkansas, our focus is on patients' outcomes, experience and value.

Anchored by Saint Francis Medical Center, a 306-bed tertiary hospital, and supported by more than 3,000 colleagues and nearly 300 providers in 11 communities, the Healthcare System is a driving economic force in the region. Major services include Primary Care, Gastroenterology, Cancer Institute, Emergency and Level III Trauma Center, Heart Hospital, Neurosciences, Orthopedics, Family BirthPlace and the region's first Level III Neonatal Intensive Care Unit.
