The Stoddard County University of Missouri Extension Council determines the educational programs, policies and approved staff of University Extension for Stoddard County as set by law. In addition, in cooperation with the Stoddard County Commission, they arrange for financing the local portion of the programs.

Some of the educational programs available through University Extension in Stoddard County deal with large scale agriculture and small scale farming enterprises, home economics, community development, homemaker clubs, and foods and nutrition for low-income families. These programs, open to all citizens, are provided by county area-based and campus based specialists and paraprofessionals through the University of Missouri

and Lincoln University.

The winning candidates will start their new terms during the Stoddard County Extension Council’s annual meeting in March.
