Dexter Police Department Modifies Protocols Due to COVID-19 Coronavirus

Dexter Police Department Modifies Protocols Due to COVID-19 Coronavirus

In an effort to mitigate the spread of Coronavirus (COVID-19) The Dexter Police Department will be following modified protocols regarding to our calls for service. Dexter Police Department is committed to ensuring the safety of our citizens and businesses. We are not short staffed; we are still actively patrolling our community 24 hours a day with the same personnel as before. Some of our procedures have changed regarding how we handle certain calls for service to protect our staff and the public in general, but we are still here to serve and protect. All emergency calls will be responded to with officers.

Our officers will continue to respond to “in progress” calls and all emergency calls. All non-emergency and routine business calls will be handled over the telephone.

When a call for service warrants an officer’s response, our Communications Unit will ask all callers a brief series of basic screening questions to safeguard against exposure to responding officers. The response to these answers will not exclude a caller from receiving services or from having an officer respond, they will only allow the officer the opportunity to take necessary safety precautions if necessary.

We also request that the general public refrain from traveling to the Dexter Police Department and instead, make every attempt to report any incident via telephone (573-624-5512, Ext 1).

These modified protocols are in place to protect our officers so they may continue to serve this community without interruption, and they are also in place to protect the public and effectively diminish the spread of COVID-19 throughout the community.

We greatly appreciate your understanding and your cooperation. We want our community to know we are actively evolving with this situation and we intend to remain unwavering in our dedication to serve and protect this community.

Any member of the community can contact the Dexter Police Department by phone, our website, Facebook, or email (during business hours).

As the number of COVID-19 cases grow, so does the need for healthy blood donors. Right now, the American Red Cross strongly urges eligible donors to schedule their next appointment to donate blood.

Here's the good news: Donating blood is a safe process and people should not hesitate to give or receive blood. If you are healthy and able, please come in to give. You can help change the headlines with a blood donation.
