Teens Reminded to Buckle Up and Arrive Alive

Dexter, MO - Dexter Police announced today they are joining with statewide law enforcement March 15-31 for a high visibility youth seat belt mobilization to help increase seat belt use among teens and reduce highway fatalities.

Only 74 percent of Missouri teens wear their seat belts when driving or riding in a motor vehicle. Seven out of ten teen vehicle drivers and passengers killed in traffic crashes are unbuckled.

Under the Graduated Driver's License (GDL) law, teens are required to wear their seat belt as it's a primary offense, meaning they can be pulled over solely for not wearing their seat belt.

“Local motorists should be prepared for stepped up seat belt enforcement,” said Chief Trevor Pulley. “We’ll be out there to remind you seat belts can – and do – save lives.”

Seat belt use is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

Buckle Up and Arrive Alive. For information on Missouri seatbelt usage, visit [www.saveMOlives.com](http://www.saveMOlives.com).

## Dexter PD to Participate in National Prescription Drug Take Back Day

Dexter, Missouri - The Dexter Police Department will participate in the National Prescription Drug Take Back Day.

On Saturday, October 26, from 10 a.m. to 2 p.m. local law enforcement, pharmacies, Southeast Missouri Behavioral Health, and the U.S. Drug Enforcement Administration is promoting the National Prescription Drug Take Back Day. Community members are encouraged to bring unused, unwanted, or expired prescription medication to a collection site for safe disposal

Bring your pills for disposal at one of the collection sites (Sites cannot accept liquids, needles or sharps, only pills or patches.) The service is free and anonymous, no questions asked.

If you are among the first to dispose of your medication, you will receive a free medication lockbox while supplies last.

The National Prescription Drug Take Back Day addresses a crucial public safety and public health issue. According to the 2018 National Survey on Drug Use and Health, 9.9 million Americans misused controlled prescription drugs. The study shows that a majority of abused prescription drugs were obtained from family and friends, often from the home medicine cabinet.

The DEA's Take Back Day events provide an opportunity for Americans to prevent drug addiction and overdose deaths.
