Southeast Missouri State University - Sikeston Spotlight Sydney Mayo

Sikeston, MO - Sydney has been working as a student worker in the Southeast – Sikeston office since last fall. She will be transitioning to the Cape campus this fall, to pursue her major in Dietetics. Her goal is to become a Registered Dietician. We will sure miss her!

Sydney is a graduate of Bloomfield High School, and she was valedictorian of her class. She is one smart cookie, and she continues to do very well in her college classes.

When asked what she likes about the Southeast – Sikeston campus:

I like that the Southeast-Sikeston campus is small and all of the classes are right there in one building, without having to walk all over campus. The professors and staff are all very friendly and always ready to help. The location was perfect because I could still live at home and easily drive back and forth.

When asked about how the transition to alternative instructional methods is going (because of COVID-19): It's been going well so far. All of my professors have been extremely helpful and understanding with the whole situation, which makes this transition much easier.
