# MO Governor Proclaims July 27th as Korean War Veterans Day

## MO Governor Proclaims July 27th as Korean War Veterans Day

On July 27, 1953, an armistice was signed on the Korean peninsula. We give our eternal thanks to those who so selflessly gave their lives so that we may live in freedom and liberty today.

"THEREFORE, I hereby proclaim July 27, 2020, to be KOREAN WAR VETERANS DAY in Missouri," stated Governor Mike Parson.

In the summer of 1950, the United States took military action to defend the sovereign nation of South Korea, which had been unjustly attacked on June 25th.

More than 34,000 brave Americans gave their lives in this conflict, defending liberty, protecting the ideals of democracy and liberating the oppressed; and over a period of three years from 1950 to 1953, more than 1.7 million American troops fought bravely to advance the cause of freedom and liberty in harsh battles such as Pork Chop Hill, Heartbreak Ridge, the Pusan Perimeter and the Chosin Reservoir; and on July 27, 1953, an armistice was signed to end active hostilities on the Korean peninsula.

America honors those who bravely served and those whose fate is still unknown.

All Americans give our eternal thanks to those who so selflessly gave their lives so that we may live in freedom and liberty today.

On this day, July 27, 2020, Michael L. Parson, Governor of the state of Missouri proclaims Korean War Veterans Day.

## Thank You by Ron Glaus

JUNE 03RD 2020 BY DEE LOFLIN

[Thank You by Ron Glaus](#)

Thank you to all those who supported me during my bid for a place on the Dexter Public School Board. We did it! It will be my honor to represent the students, administrators, teachers, and staff on the Dexter School Board with honesty and integrity.

Thank you, also, to everyone who took the time to get out and vote. No matter where your conscience guides you or who you decide to support, our ability to cast a vote for those we feel will represent us best is what makes our community (and country) so great.

I look forward to working with the other School Board Members to help guide our school district through this unprecedented and challenging time.

Thank you,

Ron Glaus

## Congressman Jason Smith Announces Cape Area Student Winner of 2020 Congressional Art Competition

Congressman Jason Smith (R-MO) announced that Madi Holt of Advance High School has been selected as the overall winner for Missouri's Eighth Congressional District in the 2020 Congressional Art Competition. Holt's work "Patriotism Lives On" will be displayed in the U.S. Capitol Building for one year.

"I was blown away by the quality of the artwork we received this year from across southern Missouri," said Congressman Smith. "First, let me say congratulations to Madi for being chosen as this year's winner. Not only is her piece stunning, but its depiction of one of our nation's veterans is the perfect representation of southern Missouri to hang in the halls of the U.S. Capitol. I encourage everyone to visit our virtual art gallery, to see some of the incredible artistic skill that resides in our area."

Congressman Smith also announced the Top 20 pieces of art that are now hanging in the virtual art gallery available. In total, Congressman Smith's office accepted nearly 150 submissions from local high school artists.

Here is a complete list of the Top 20 students and their pieces of art:

# Smith Fights for all Methods of Feral Hog Eradication in Mark Twain

Smith Fights for all Methods of Feral Hog Eradication in Mark Twain

## Smith Fights for all Methods of Feral Hog Eradication in Mark Twain

*Smith language included in U.S. House passed bill requires Forest Service to listen to stakeholders on ground who know that hunting works*

**WASHINGTON, D.C.** - Congressman Jason Smith (MO-08) continued his fight for all forms of feral hog eradication in the Mark Twain National Forest this week, including hunting, when he successfully inserted language into the Interior, Environment and Related Agencies Appropriations bill which called on the Forest Service to work with stakeholders in the Mark Twain area in implementing a strategy which involves all methods for eradication.

“Feral hogs are nothing but pests to local farmers and make farming more difficult than it already is,” **said Congressman Smith.** “I have personally spoken with numerous farmers in southern Missouri about this problem – and we all know the same thing, trapping isn’t enough.” **Smith continued,** “If we are going to get rid of these hogs, we need an all of the above approach which includes being able to hunt and kill them in the Mark Twain National Forest. I have called on the Missouri Department of Conservation and the Forest Service to allow hunting to continue. We should be able to use every tool in the toolbox to get rid of these pests.”

Congressman Smith has long-championed this position and has met with numerous farmers and ranchers in southern Missouri who have seen their property destroyed by dangerous feral hogs. He recently met with the Forest Service and reiterated his support for an all-of-the-above solution to getting rid of feral hogs.

The language authored and included by Smith “recognizes the damage and danger caused by feral hogs in the Mark Twain National Forest and encourages the Forest Service to continue to work with stakeholders to utilize all practical methods for eradication.”

“We can all agree that feral hogs are a problem, and if we want to control the hog population we need to work together with all methods of eradication on the table,” **said Gary Crockett, who farms in northwest Ripley County.** “Ending hog hunting will have an adverse effect on our ability to control the feral hog population, and I really appreciate Congressman Smith’s attention to this issue and standing up for our right to get rid of these pests.”
