Special Weather Statement Issued for Stoddard County - Heat Indexes Near 100

JULY 09TH 2020 BY DEE LOFLIN

Special Weather Statement Issued for Stoddard County - Heat Indexes Near 100

Stoddard County, MO - The National Weather Service in Paducah, KY has issued a Special Weather Statement for Stoddard County.

...HEAT INDICES OF 100 TO 105 AGAIN THIS AFTERNOON...

High temperatures in the lower half of the 90s will combine with high humidity levels to produce heat indices from around 100 to near 105 this afternoon. A few locations may even flirt with 100 degrees before we reach the noon hour. Some relief will come to a few areas as a few isolated to scattered thunderstorms develop.

If you are active outdoors, take breaks, and drink plenty of non alcoholic fluids. Those involved with children should always check the back seat before leaving their vehicle.

Flash Flood Watch Issued Through Wednesday Morning

JUNE 30TH 2020 BY DEE LOFLIN

Flash Flood Watch Issued Through Wednesday Morning

...FLASH FLOOD WATCH IN EFFECT THROUGH WEDNESDAY MORNING...

The National Weather Service in Paducah has issued a Flash Flood Watch for portions of southeast Missouri, southern Illinois, southwest Indiana and western Kentucky.

Through Wednesday morning.

1 to 3 inches of rainfall is likely with locally higher amounts possible.

Heavy rainfall will result in flooding of low lying or poor drainage areas, and ultimately dangerous flash flooding on smaller creeks, streams and low water crossings. Significant rises on larger streams and rivers will also be possible.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

A Flash Flood Watch means that conditions may develop that lead to flash flooding. Flash flooding is a very dangerous situation.

You should monitor later forecasts and be prepared to take action should Flash Flood Warnings be issued.
