October is Breast Cancer Awareness Month

Through the challenges and the changes - we're always by your side.

Our team of specialists offer the highest quality of breast cancer care and individualized treatment options throughout your cancer journey.

Breast cancer is a disease that comes with a lot of questions - and a lot of anxiety. Isn't it good to know that there's a world-class team of cancer experts, right here in southeast Missouri?

SoutheastHEALTH has been treating breast cancer and other cancers successfully for over 30 years. Our expert team includes radiologists, oncologists, surgeons, pharmacists, research specialists, navigators, pathologists, breast reconstruction experts, social workers and more.

We collaborate with the top experts in the state, including world-renowned Washington University Pathology & Immunology, to bring care that's second to none to our area. As a team, we're at your side through every step of your cancer journey.

Because we're experienced, we know that no two journeys are alike. That's why we personalize your care and tailor your treatment to achieve the best possible outcome. Our unique approach includes case conferencing, advanced diagnostic imaging technology, genetic testing, clinical trials and more. Our focus as a team is always on you, from prevention to treatment, to recovery.

There's another important focus, too - keeping your costs as low as possible. Our commitment to this region includes keeping care accessible and affordable, in order to serve as many people as possible.
