Freeze Warning Issued for Stoddard County for Wednesday Morning, Cover Those Plants Tuesday Night

APRIL 19TH 2021 BY DEE LOFLIN

Freeze Warning Issued for Stoddard County for Wednesday Morning, Cover Those Plants Tuesday

Stoddard County, MO - The National Weather Service has issued a FREEZE WARNING for Stoddard County, MO from 1 a.m. - 9 a.m. Wednesday morning. Weather provided by Bagby Wealth Management.

Affected Area

In Missouri, Butler, Stoddard and Scott Counties. In Illinois, Gallatin, Johnson, Pope, Hardin, Alexander, Pulaski and Massac Counties

Description

...FREEZE WARNING IN EFFECT FROM 1 AM TO 9 AM CDT WEDNESDAY..

WHAT...Sub-freezing temperatures as low as 30 degrees are expected.

WHERE...In Missouri, Butler, Stoddard and Scott Counties. In Illinois, Gallatin, Johnson, Pope, Hardin, Alexander, Pulaski and Massac Counties.

WHEN...From 1 AM to 9 AM CDT Wednesday.

IMPACTS...Frost and freeze conditions will kill crops, other sensitive vegetation and possibly damage unprotected outdoor plumbing.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Take steps now to protect tender plants from the cold. To prevent freezing and possible bursting of outdoor water pipes they should be wrapped, drained, or allowed to drip slowly. Those that have in-ground sprinkler systems should drain them and cover above-ground pipes to protect them from freezing.

National Weather Service has Issued a Winter Storm Warning

FEBRUARY 14TH 2021 BY DEE LOFLIN

National Weather Service has Issued a Winter Storm Warning

Stoddard County, MO - The National Weather Service in Paducah, KY has issued a WINTER STORM WARNING, total snow accumulations 6 to 12 inches of snow.

Affected Areas

All of southwest Indiana, southeast Missouri, southern Illinois and western Kentucky

Description

...WINTER STORM WARNING REMAINS IN EFFECT FROM 6 PM THIS EVENING TO 6 AM CST TUESDAY...

WHAT...Heavy snow. Total snow accumulations 6 to 12 inches.

WHERE...All of southwest Indiana, southeast Missouri, southern Illinois and western Kentucky.

WHEN...Tonight through Monday evening. Heaviest snow will be Monday.

IMPACTS...Travel conditions will become extremely dangerous tonight and Monday. Commutes Monday morning, Monday evening, and Tuesday morning will be impacted.

ADDITIONAL DETAILS...North winds 10 to 15 mph with gusts to 20 mph will likely cause blowing and drifting of snow. It will remain bitterly cold. Another storm is taking aim on the area later Wednesday through Thursday. As a result, impacts may last through the end of the work week.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

If you must travel, keep an extra flashlight, food, and water in your vehicle in case of an emergency. It will be dangerous to be stranded for any length of time due to the bitterly cold conditions.

More Information

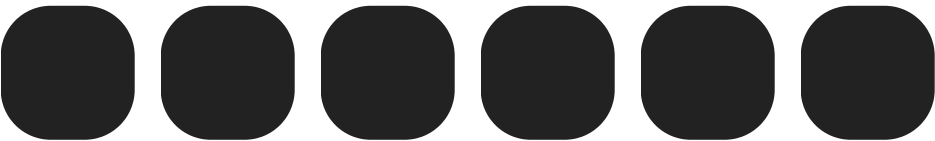

...MAJOR WINTER STORM STARTS TONIGHT AND CONTINUES MONDAY...

.A major winter storm will affect the area tonight through Monday. Significant accumulations of snow, along with blowing snow and bitter cold will make for extremely dangerous travel conditions. Have your affairs in order before the end of the evening. This is not the only storm we will be dealing with this week. A second significant winter storm may affect the area sometime later Wednesday into Thursday.

Ice Storm Warning Issued for Stoddard County, Wednesday, February 10, 2021

FEBRUARY 09TH 2021 BY DEE LOFLIN

Ice Storm Warning Issued for Stoddard County, Wednesday, February 10, 2021

.Stoddard County, MO - The National Weather Service has issued an Ice Storm Warning for Stoddard County.

..ICE STORM WARNING IN EFFECT FROM MIDNIGHT TONIGHT TO 6 PM CST THURSDAY...

WHAT...Significant icing expected. Total ice accumulations of two tenths to a half inch possible with the highest amounts along the southern portions of the Kentucky Pennyrite and Purchase Area. Additionally, up to a quarter inch of sleet is possible Thursday.

WHERE...Along and south of a line extending from Doniphan, Missouri, northeastward to Eddyville, Illinois, then eastward to Calhoun, Kentucky.

WHEN...From midnight tonight to 6 PM CST Thursday with most of the precipitation occurring Wednesday night through Thursday.

IMPACTS...Power outages and tree damage are possible due to the ice. Hazardous travel conditions are expected and could impact the morning or evening commute.

PRECAUTIONARY/PREPAREDNESS ACTIONS..

Travel is strongly discouraged. If you must travel, keep an extra flashlight, food and water in your vehicle in case of an emergency. Prepare for possible power outages. Monitor the latest forecasts for updates on this situation.

More Information

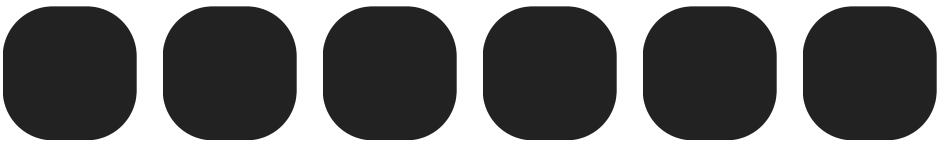

...Prolonged wintry precipitation event expected later Tonight through Thursday...

A significant wintry precipitation event is expected to return across the Quad State later tonight and persist through Thursday. At this time, significant and dangerous ice accumulations are expected by Thursday morning, especially over parts of west Kentucky, the southern tip of Illinois, and the Delta region of southeast Missouri. However, notable ice accumulation is possible over the remainder of southern Illinois, southeast Missouri, and southwest Indiana.
