## Dexter Boys Tennis Team to Host 2nd Annual Courts for Cancer Match

APRIL 26TH 2021 BY DEE LOFLIN

### Dexter Boys Tennis Team to Host 2nd Annual Courts for Cancer Match

Dexter, MO - In 2018 Ryder Boles was diagnosed with testicular germ cell cancer. He was 15 at the time. His parents, Kristi and Eric Boles, teachers and coaches at Dexter Schools, were surrounded by love and support from family, friends, and the community during his treatment.

Because of the community's generosity they wanted to give back to those who have also been affected by cancer. Last year the first of what has become an annual event, they started the Courts for Cancer with the boys tennis team. Ryder is an avid Bearcat tennis player and continues to play this year.

On May 4, 2021 the Bearcat Boys Tennis Team will take on their friends from Sikeston in the 2nd Annual Courts for Cancer.

Coach Eric Boles and his team are raising money to help those in our area who are dealing with a CANCER diagnosis.

"One of the ways that we are raising money is through a t-shirt sale," commented Coach Boles. "Our boys will be wearing the PURPLE shirts on game day, and Sikeston will be wearing PINK shirts on game day."

We also have WHITE versions of the shirt available for purchase. All net profits will be donated to: 1/3 of funds will be donated to a Stoddard County Family (linked to a school), 1/3 will be donated to 18ForeLife, and 1/3 will be donated to Friends of Kids with Cancer.

Please [CLICK HERE](#) to complete the sections that correspond to the color of shirt you would like to purchase, and the NUMBER of each size you would like to purchase. Payment can be sent to the high school (just label an envelope to Eric Boles) or you can email Coach Boles at [eboles@dexter.k12.mo.us](mailto:eboles@dexter.k12.mo.us) and they can arrange a method for payment and delivery of shirts.

Shirts will be delivered to each school building for those staff and students who purchase one. For non-school contributors, shirts can be picked up May 3rd at the DHS Tennis Courts (from 3:30 - 5:30) or on GAME DAY (May 4th) from 3:30 until the end of the match.

If you would like to donate please contact by emailing Kristi at [kboles@dexter.k12.mo.us](mailto:kboles@dexter.k12.mo.us) or Eric at [eboles@dexter.k12.mo.us](mailto:eboles@dexter.k12.mo.us).

## Wayne County Angler Catches World Record-Sized Spotted Gar

APRIL 23RD 2021 BY DEE LOFLIN

### Wayne County Angler Catches World Record-Sized Spotted Gar

Devlin Rich of Williamsville caught a 10-pound, 9-ounce fish from Wappapello Lake.

Wappapello Lake, MO - The Missouri Department of Conservation (MDC) congratulates Devlin Rich of Williamsville for catching a new state record spotted gar. Rich was fishing with a pole-and-line at Wappapello Lake Feb. 25 when he reeled in the 10-pound, 9-ounce fish. His catch is not only the latest Missouri state record, but it beats the current spotted gar world record of 9-pounds, 12-ounces set back in 1994.

Spotted gar is rather common and widely distributed in the Bootheel lowlands of southeastern Missouri.

“Because of the hard, bony jaws, gars are seldom taken on hook-and-line and are rarely used for food,” noted MDC Fisheries Programs Specialist Andrew Branson. “Special techniques are required to capture them consistently with rod-and-reel, but they do provide a ready target for the bow hunter because they often bask near the surface of the water.”

Gars are generally associated with warm, sluggish backwaters. They frequently rise to the water’s surface, opening and closing their jaws with a loud snap, then sinking below. This behavior allows them to swallow air into their swim bladder, which allows it to function

much like a lung. This adaptation helps them survive in still or slow waters with relatively low oxygen levels.

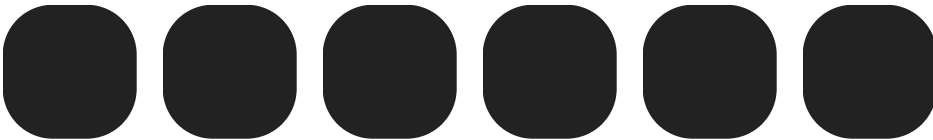

MDC staff verified Rich's record-breaking catch on a certified scale in Williamsville. This is the second state record caught in 2021.

Missouri state record fish are recognized in two categories: pole-and-line and alternative methods. Alternative methods include: throwlines, limb lines, bank lines, jug lines, spearfishing, snagging, snaring, gigging, grabbing, archery, and atlatl.
