Southeast Hospital Updates Labor and Delivery Visitor Policy

APRIL 23RD 2021 BY DEE LOFLIN

Southeast Hospital Updates Labor and Delivery Visitor Policy

Southeast Hospital is updating its policy for visitors on the Obstetrics Unit as COVID-19 continues to favorably trend downward in the region.

Beginning immediately, two visitors will be allowed. Those two visitors must be the same two individuals during the course of mom’s stay. One support person can be with mom on a continual basis. The second support person can attend the labor and delivery and then visit during the recommended hours of 10 a.m. to 8 p.m. On the Obstetrics Unit, essential quiet time from 8 to 10 a.m. is recommended to allow bonding time for mom and baby.

All visitors to Southeast Hospital will be screened upon entry. As a reminder, face coverings are required at all SoutheastHEALTH locations. Children under the age of 18 are not allowed to visit at this time.

The Obstetrics Unit visiting policy will be re-evaluated as we continue to monitor the number of regional COVID-19 cases, which is part of our ongoing effort to ensure the safety of patients, families and staff.

SoutheastHEALTH Clinic in Dexter Earns National Recognition

The Clinic at Walmart, a rural health clinic operated by SoutheastHEALTH in Dexter, MO, has been recognized as one of the top rural primary care practices in the United States according to the 2021 Lilypad Awards, the first and only ranking program for the nation's nearly 4,600 rural health clinics. The award recognizes rural health clinics that outperform their rural primary care practice peers in terms of efficiency and operational excellence.

SoutheastHEALTH of Stoddard County CEO Sue Ann Williams, says “the COVID-19 pandemic underscores the vital role of primary care in rural areas. Rural health clinics are an essential component of our commitment to serve patients close to home. We commend the staff of the Clinic at Walmart for providing excellent care.”
