SoutheastHEALTH Names Peter Kinder Vice President, Government Affairs

JUNE 08TH 2021 BY DEE LOFLIN

SoutheastHEALTH Names Peter Kinder Vice President, Government Affairs

SoutheastHEALTH has announced the appointment of Peter Kinder as Vice President for Government Affairs. Kinder comes to SoutheastHEALTH with a wealth of experience in government, both on the state level as Missouri's Lieutenant Governor and nationally representing Missouri's best interests.

In his new role, Kinder will interact with local, county, state and federal agencies on issues that will impact SoutheastHEALTH and the healthcare industry. He also will be a key voice in educating the community we serve about ways to collaborate, leading to improved healthcare and lower healthcare costs.

"I realize the importance of building strong relationships with focused strategy and how it can influence government policy, which is why I personally recruited Kinder for this position. He will play a key role in developing and maintaining relationships with legislators, regulators and other policymakers to keep SoutheastHEALTH informed of changes to laws, regulations, enforcement and spending priorities that could have a significant impact on our organization," said Ken Bateman, President and Chief Executive Officer of SoutheastHEALTH.

Kinder, of Cape Girardeau, served as the 46th Lieutenant Governor of Missouri from 2005 to 2017. He is the first Lieutenant Governor to be elected to a third term since 1940. He is recognized throughout the state and nation for helping establish the Tour of Missouri, an international professional bicycle race, the third highest profile domestic race in the U.S. The race brought in athletes from 20 countries, attracting an estimated 1.2 million spectators and creating a direct economic impact of \$80 million.

"Government and healthcare are both incredibly complex and both are also intertwined in many ways. In my role, I hope to help SoutheastHEALTH navigate these complexities to further its mission of providing excellent healthcare services to residents of this region. I was born at Southeast Hospital and my father, James Kinder, was a practicing pediatrician at Southeast Hospital for many years. That makes this new role even more meaningful in that it allows me to continue what always has been a very special relationship with SoutheastHEALTH," said Kinder.

Kinder earned his Juris Doctorate degree from St. Mary's University School of Law in San Antonio, TX. Prior to being elected Lieutenant Governor, Kinder represented six southeast Missouri counties as state senator, serving three terms in that position. He currently is president and CEO of Olympia Consulting.

SoutheastHEALTH First in the Region to Introduce Rapid Diagnostic Technology

JUNE 03RD 2021 BY DEE LOFLIN

[SoutheastHEALTH First in the Region to Introduce Rapid Diagnostic Technology](#)

SoutheastHEALTH First in the Region to Introduce Rapid Diagnostic Technology

Aimed at Optimizing Antibiotic Therapies

Cape Girardeau, MO. (June 1, 2021) – SoutheastHEALTH has implemented a state-of-the-art rapid diagnostic technology focused on helping clinicians deliver optimal antibiotic therapies more quickly for patients suffering from serious bloodstream infections. Southeast is the pioneer in bringing this technology to the region.

Lauren Thomas, Executive Director of Laboratory Services at SoutheastHEALTH, said getting patients on the best therapy as quickly as possible is crucial. “Our new system, Accelerate Pheno®, is designed to help clinicians obtain faster diagnostic results which improves outcomes, reduces the use of broad-spectrum antibiotics for blood stream infections and shortens patients’ length of stay. Just as importantly, this technology can help reduce the risk of a patient developing sepsis. Our Microbiology lab has been able to provide antibiotic susceptibility test (AST) results using the Accelerate Pheno® system up to 40 hours faster than conventional methods.”

Sepsis is the body’s overwhelming response to infection, which can lead to tissue damage, organ failure, amputations and death. People of all ages can get sepsis. Those at higher risk include people with a chronic illness, the very young, older adults and people with compromised immune systems due to certain medications or chemotherapy. In the U.S. alone, more than 1.5 million people develop sepsis and 250,000 die from it annually. Early diagnosis and targeted antibiotic therapy is vital in reducing mortality among these patients.

The Accelerate Pheno® system is made by Tucson, Arizona-based Accelerate Diagnostics. The in vitro diagnostic system identifies organisms direct from positive blood cultures and performs AST to determine which drugs, at which concentrations, may be most effective in treating the organism. Traditional AST can take 48 hours or more. The Accelerate Pheno® system delivers results in about seven hours. “This amazing technology is not just a time saver,” Thomas said. “In many sepsis cases, it’s a lifesaver.”

About SoutheastHEALTH

At SoutheastHEALTH, the region's premier healthcare system in southeast Missouri, our patients receive excellent care of the highest clinical quality, close to home. Within our network are more than 50 care locations in 13 communities, including hospitals, primary and specialty care clinics representing over 30 clinical specialties and extending care for patients in a four-state area. Learn more at SEhealth.org.

About Accelerate Diagnostics, Inc.

Accelerate Diagnostics, Inc., is an in vitro diagnostics company dedicated to providing solutions for the global challenges of antibiotic resistance and sepsis. The Accelerate Pheno® system and Accelerate Pheno Test® BC kit combine several technologies aimed at reducing the time clinicians must wait to determine the most optimal antibiotic therapy for deadly infections. The FDA cleared system and kit fully automate the sample preparation steps to report phenotypic antibiotic susceptibility results in approximately 7 hours direct from positive blood cultures. Recent customer studies indicate the solution

offers results one to two days faster than existing methods, enabling clinicians to optimize antibiotic therapy for patients up to two days faster and reducing patients' length of stay by up to two days.

SoutheastHEALTH June 2021 Health Briefs

MAY 27TH 2021 BY DEE LOFLIN

[SoutheastHEALTH June 2021 Health Briefs](#)

SoutheastHEALTH June 2021 Health Briefs

Weight Management First Steps

Join us for this free, informative seminar as we discuss strategies for beginning the process of health improvement and weight management on Monday, June 7, at 6 p.m.,

and Thursday, June 24, at 2 p.m., at HealthPoint Plaza, 2126 Independence in Cape. Are you just beginning your fitness journey? Or perhaps picking back up where you left off? Learn how nutrition, physical activity and behavior modification can help you get going in the right direction. Class size is limited. Register online at SEhealth.org/Events or by calling (573)986-4440.

Heart Saver CPR Certification Class

This is an instructor-led course that teaches adult and child CPR and AED use, infant CPR, and how to relieve choking in adults, children and infants. It will be held on Thursday, June 17, from 9:30 to 11:30 a.m. at HealthPoint Fitness in Jackson. This course teaches skills with the American Heart Association's research-proven practice-while-watching technique, which allows instructors to observe the students, provide feedback, and guide the students' learning skills. The course is for anyone with limited or no medical training who needs a course completion card for CPR and AED use to meet job, regulatory or other requirements. This class is not for healthcare providers seeking a BLS class. Cost of the class is \$50 and includes a booklet. Participants can reserve a spot by calling or stopping by the front desk of HealthPoint Cape or HealthPoint Jackson. For more information, call 573-755-2301 or 573-986-4400.

Diabetes Self-Management Support Group

Southeast Diabetes Center hosts this free support group facilitated by Southeast's Diabetes Educators. The programs are geared toward people who are living with diabetes and trying to control blood glucose. Friends and family members are also welcome. The meeting will be from 1 to 2 p.m. on Tuesday, June 8, at HealthPoint Plaza in Cape. This month's topic is "Diabetes and Heart Failure." Morgan Siemer, APRN with the SoutheastHEALTH Heart Failure Clinic, will discuss management of heart failure in patients with diabetes. She will also share ways to reduce risk factors for developing this serious condition. To register, call the Southeast Diabetes Center at 339-0121 to take advantage of this program.

Grief Support Group: Nurturing

The SoutheastHEALTH Grief Support Group will meet from 1:30-3 p.m. on Wednesday, June 16, at HealthPoint Fitness in Cape. Topic for this month's meeting, led by Julie Metzger, LCSW, a bereavement counselor with Southeast Hospice, is "Nurturing Yourself in Grief." For more information about this support group, please call Southeast Hospice, 573-335-6208.

Healthy Cooking: Convenient, Healthy Eating

Join us on Monday, June 21, to learn about tricks for navigating the center aisles of the grocery store. Find out more about tasty, budget friendly and yes, healthy dishes that are “convenient.” Healthy Cooking classes at HealthPoint Fitness – Cape are taught by HealthPoint Nutritional Services Coordinator Raina Childers-Richmond, MS, RD, LD. Cost is \$5 for HealthPoint members and non-members. Class sizes are limited. To register, call (573)986-4440.

American Red Cross Blood Drive

There’s no vacation from maintaining critical blood supplies during the summer months. SoutheastHEALTH Volunteer Services will host a blood drive on Wednesday, June 23, from 7 a.m. to 4 p.m. in the Southeast Hospital Harrison Room. Registration is required to allow for social distancing. To make an appointment, visit rcblood.org/appt.

Coming in July: Independence Day 5K

Southeast HealthPoint Fitness will host the Independence Day 5K on Sunday, July 4. The race, which has a 7:04 a.m. start, begins and ends at HealthPoint Fitness in Jackson. Events include a Firecracker 1 Mile Walk or Run, a 5K Walk, a 5K Run and a Virtual Run/Walk. This is a Cape Road Runners Grand Prix Race. Proceeds benefit SoutheastHEALTH Children’s Health and Wellness programs. Individuals who register by Wednesday, June 16, will receive a Dri-Fit T-shirt. Online registrations are accepted until July 1 at SEhealth.org/July4race. For more information, call HealthPoint Fitness in Jackson, 573-755-2301.

About SoutheastHEALTH

SoutheastHEALTH Welcomes Kathryn Hileman, FNP-BC

MAY 25TH 2021 BY DEE LOFLIN

SoutheastHEALTH Welcomes Kathryn Hileman, FNP-BC

SoutheastHEALTH is excited to welcome Kathryn Hileman, FNP-BC to Southeast Convenient Care, Southeast Primary Care - Perryville

Kathryn grew up in Southern Illinois and chose Southeast Missouri to be near family and friends and enjoy the lifestyle southeast Missouri has to offer. Healthcare as a profession runs in the family. Kathryn went on a mission trip in high school and that's where she found her calling. Since that time, Kathryn has gone on medical mission trips with Zonta International. Kathryn is a board member of HAPNN and volunteers at the Samaritan Regional Health Clinic – a free clinic in downtown Cape. When not caring for patients Kathryn likes participating and coaching sports, such as volleyball, softball, and swimming. She also enjoys spending time with her children and family.

Southeast Convenient Care, Southeast Primary Care - Perryville

She earned her BSN at Southeast Missouri State University - Cape Girardeau in 2008 and her MSN at Southeast Missouri State University in 2013.

She is a member of American Nurses Association, Missouri State Nurses Association, Sigma Theta Tau National Honor Society of Nursing, Heartland Advanced Practice Nurses Network, and Zonta International.

Southeast Primary Care is located at 624 Old Saint Marys Road, Perryville, MO 63775.
Phone: 573.547.3232

SoutheastHEALTH Nationally Recognized with an ‘A’ for Spring 2021 Leapfrog Hospital Safety Grade

MAY 18TH 2021 BY DEE LOFLIN

SoutheastHEALTH Nationally Recognized with an ‘A’ for Spring 2021 Leapfrog Hospital Safety

SoutheastHEALTH has once again been awarded an ‘A’ in the spring 2021 Leapfrog Hospital Safety Grade, a national distinction recognizing SoutheastHEALTH’s achievements in protecting patients from harm and providing safer healthcare.

The Leapfrog Group is an independent national watchdog organization committed to healthcare quality and safety. The Safety Grade assigns an ‘A’, ‘B’, ‘C’, ‘D’ or ‘F’ grade

to all general hospitals across the country and is updated every six months. It is based on a hospital's performance in preventing medical errors, injuries, accidents, infections and other harms to patients in their care.

“SoutheastHEALTH is absolutely committed to patient safety,” said president and CEO Ken Bateman. “When patients come to the hospital, they expect and deserve excellent care. Part of that care is knowing that our staff always has patient safety top of mind, even during the very challenging year we have experienced with the COVID-19 pandemic. We're honored to once again earn this national recognition.”

“An ‘A’ safety grade is an elite designation that the community should be proud of,” said Leah Binder, president and CEO of the Leapfrog Group. “The past year has been extremely difficult for hospitals, but SoutheastHEALTH shows us it is possible to keep a laser focus on patients and their safety, no matter what it takes.”

Developed under the guidance of an expert panel, the Leapfrog Hospital Safety Grade uses up to 27 measures of publicly available hospital safety data to assign grades to more than 2,600 U.S. acute care hospitals twice a year. The National Safety Grade's methodology is peer-reviewed and fully transparent, and results are free to the public.

To see Southeast's full grade details and access patient tips for staying safe in the hospital, visit hospitalsafetygrade.org and follow the Leapfrog Groupon Twitter and Facebook.

About SoutheastHEALTH

At SoutheastHEALTH, the region's premier healthcare system in southeast Missouri, our patients receive excellent care of the highest clinical quality, close to home. Within our network are more than 50 care locations in 13 communities, including hospitals, primary and specialty care clinics representing over 30 clinical specialties and extending care for patients in a four-state area. Learn more at SEhealth.org.

About The Leapfrog Group

Founded in 2000 by large employers and other purchasers, The Leapfrog Group is a national nonprofit organization driving a movement for giant leaps forward in the quality and safety of American health care. The flagship Leapfrog Hospital Survey and new Leapfrog Ambulatory Surgery Center (ASC) Survey collect and transparently report hospital and ASC performance, empowering purchasers to find the highest-value care and giving consumers the lifesaving information they need to make informed decisions. The Leapfrog Hospital Safety Grade, Leapfrog's other main initiative, assigns letter grades to hospitals based on their record of patient safety, helping consumers protect themselves

and their families from errors, injuries, accidents and infections.
