Several Inmates Test Positive for Covid-19 at Stoddard County Jail

JULY 27TH 2021 BY DEE LOFLIN

Several Inmates Test Positive for Covid-19 at Stoddard County Jail

Bloomfield, MO - It has been reported by the Stoddard County Health Department and the Stoddard County Sheriff's Department that several inmates at the Stoddard County Jail have tested positive with COVID-19.

According to Ben Godwin, Stoddard County Health Department Director, "They are in the process of testing all inmates with Covid-19 Rapid Tests as we have had positive cases among the inmates in the jail yesterday and today."

Carl Hefner, Stoddard County Sheriff commented, "As of Monday, July 26th we have confirmed there are active COVID-19 cases in the Stoddard County Jail. Since the COVID outbreak began we at the Stoddard County Jail have taken precautions in preventing COVID from being in our jail. Even with the precautions taken it was inevitable that COVID would get in our jail facility. We have been very fortunate to this point to not have had any cases in our jail."

"We are currently working diligently to isolate people as best as we can. At this time no inmates have had the need to seek medical attention but if the need arises, we are committed to keeping the inmates safe as well as the general public."

The Stoddard County Sheriff's Department is currently working on a testing plan for the inmates and staff.

Hefner would like to reassure the public that if you are in need of law enforcement, please do not hesitate to contact them.

"We will continue to offer our services regardless of the situation in the jail," continued Hefner. "We will strive to keep our community safe from a law enforcement standpoint as well as keeping our citizens safe from COVID. Any of our staff that are showing any signs or symptoms of COVID are required to obtain a COVID test before returning to

work so the citizens can feel safe."
