Wind Advisory Issued for Friday Night into Saturday Morning for Stoddard County

NOVEMBER 03RD 2022 BY DEE LOFLIN

Wind Advisory Issued for Friday Night into Saturday Morning for Stoddard County

The National Weather Service in Paducah, KY has issued a Wind Advisory from 12 a.m. Friday night to Saturday to 7 a.m.

Affected Area

Most of southeast Missouri, all of southern Illinois, and far western Kentucky

Description

...WIND ADVISORY IN EFFECT FROM MIDNIGHT FRIDAY NIGHT TO 7 AM CDT SATURDAY...

WHAT... South winds 15 to 20 mph with gusts up to 45 mph expected.

WHERE... Most of southeast Missouri, all of southern Illinois, and far western Kentucky.

WHEN... From 12AM to 7AM CDT Saturday.

IMPACTS... Gusty winds will blow around unsecured objects. Tree limbs could be blown down and cause a few power outages. Winds this strong can make driving difficult, especially for high profile vehicles.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

A wind advisory is issued when sustained winds are expected to reach 30 mph or greater for longer than one hour...or wind gusts are expected to reach 40 mph for any duration.

Special Weather Statement Issued - Elevated Fire Potential

OCTOBER 21ST 2022 BY DEE LOFLIN

Special Weather Statement Issued - Elevated Fire Potential

The National Weather Service in Paducah, Kentucky has issued a Special Weather Statement for Stoddard County, Missouri.

Description

...Elevated Fire Potential Will Continue Through The Weekend...

Ongoing drought conditions have resulted in very dry vegetation across our region, and no rain is expected through the weekend. Although relative humidity will gradually increase each day, the winds will become stronger over the weekend. The danger of field and woods fires will remain quite high until early next week, when rain chances will increase.

Outdoor burning is not recommended. Bans on outdoor burning have been issued in many counties. Be especially careful with matches and smoking materials. Hot vehicle exhaust pipes can ignite grass.

Weather provided by Bagby Wealth Management in Dexter.

Freeze Warning Issued for Stoddard County

OCTOBER 17TH 2022 BY DEE LOFLIN

Freeze Warning Issued for Stoddard County

The National Weather Service in Paducah, KY has issued a FREEZE WARNING for Stoddard County tonight!

Affected Area

Portions of southern Illinois, southwest Indiana, western Kentucky and southeast Missouri

Description

...FREEZE WARNING REMAINS IN EFFECT FROM 9 PM THIS EVENING TO 9 AM CDT TUESDAY...

WHAT...Sub-freezing temperatures as low as 25 expected.

WHERE...Portions of southern Illinois, southwest Indiana, western Kentucky and southeast Missouri.

WHEN...From 9 PM this evening to 9 AM CDT Tuesday.

IMPACTS...Frost and freeze conditions could kill crops, other sensitive vegetation and possibly damage unprotected outdoor plumbing. This will effectively end the growing season.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

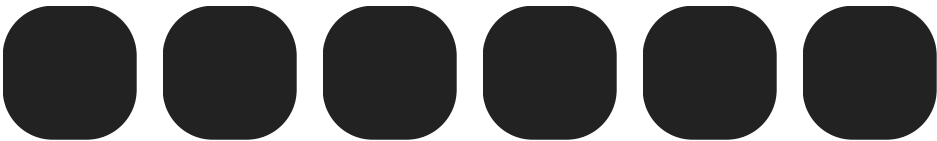

Take steps now to protect tender plants from the cold.

A Freeze Warning means sub-freezing temperatures are imminent or highly likely. These conditions will kill crops and other sensitive vegetation.

Heat Advisory Issued for Stoddard County until 8

p.m. Wednesday

AUGUST 01ST 2022 BY DEE LOFLIN

Heat Advisory Issued for Stoddard County until 8 p.m. Wednesday

Stoddard County, MO - The National Weather Service in Paducah, KY has issued a Heat Advisory for Stoddard County from 1 p.m. this afternoon - 8 p.m. Wednesday.

Affected Area

Portions of southeast Missouri and southern Illinois, mainly along and west of a Mount Vernon, Illinois, to Cairo, to Poplar Bluff, Missouri line

Description

...HEAT ADVISORY IN EFFECT FROM 1 PM THIS AFTERNOON TO 8 PM CDT WEDNESDAY...

WHAT...Heat index values up to around 105 expected.

WHERE...Portions of southeast Missouri and southern Illinois, mainly along and west of a Mount Vernon, Illinois, to Cairo, to Poplar Bluff, Missouri line.

WHEN...From 1 PM this afternoon to 8 PM CDT Wednesday.

IMPACTS...Hot temperatures and high humidity may cause heat illnesses to occur.

ADDITIONAL DETAILS...Prolonged heat and humidity with no significant break from the heat will exacerbate the impact. Be prepared for this lengthy duration of high heat and humidity.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Drink plenty of fluids, stay in an air-conditioned room, stay out of the sun, and check up on relatives and neighbors. Young children and pets should never be left unattended in vehicles under any circumstances.

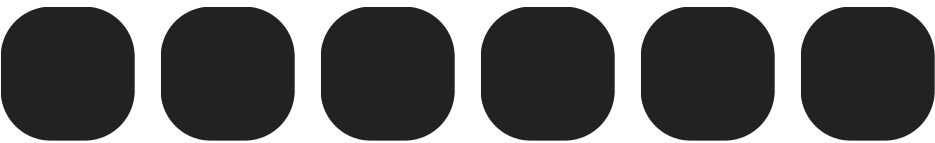

Take extra precautions if you work or spend time outside. When possible reschedule strenuous activities to early morning or evening. Know the signs and symptoms of heat exhaustion and heat stroke. Wear lightweight and loose fitting clothing when possible. To reduce risk during outdoor work, the Occupational Safety and Health Administration recommends scheduling frequent rest breaks in shaded or air conditioned environments.

Anyone overcome by heat should be moved to a cool and shaded location. Heat stroke is an emergency! Call 9 1 1.
