Flood Watch for Stoddard County

JANUARY 02ND 2023 BY DEE LOFLIN

Flood Watch for Stoddard County

The National Weather Service in Paducah, Kentucky has issued a Flood Watch for Stoddard County.

Affected Area

Portions of western Kentucky and southeast Missouri, including the following counties, in western Kentucky, Ballard, Calloway, Carlisle, Fulton, Graves, Hickman, Marshall and McCracken. In southeast Missouri, Butler, Mississippi, New Madrid, Scott and Stoddard

Description

...FLOOD WATCH NOW IN EFFECT THROUGH TUESDAY MORNING... WHAT...Flooding caused by excessive rainfall continues to be possible. WHERE...Portions of western Kentucky and southeast Missouri, including the following counties, in western Kentucky, Ballard, Calloway, Carlisle, Fulton, Graves, Hickman, Marshall and McCracken. In southeast Missouri, Butler, Mississippi, New Madrid, Scott and Stoddard. WHEN...Through Tuesday morning.

IMPACTS...Excessive runoff may result in flooding of rivers, creeks, streams, and other low-lying and flood-prone locations. Flooding may occur in poor drainage and urban areas. Low-water crossings may be flooded. Storm drains and ditches may become clogged with debris.

ADDITIONAL DETAILS... - Broad rainfall amounts of one to two inches are expected, but areas that experience multiple rounds of thunderstorms or prolonged training of storms may see as much as 3 to 4 inches of rain.

More Information

.Rounds of heavy rain and thunderstorms will develop this evening and continue through Tuesday morning. Flash flooding, some potentially significant, is possible.

Special Weather Statement issued for Stoddard County until 4 a.m.

DECEMBER 25TH 2022 BY DEE LOFLIN

Special Weather Statement issued for Stoddard County until 4 a.m.

The National Weather Service in Paducah, Kentucky has issued a Special Weather Statement. Possible snow accumulation until 4 a.m.

Affected Area

Stoddard County

Description

...Accumulating Light Snow Expected Late Tonight and Monday... A clipper system will bring light snow accumulations late tonight through Monday. Total accumulations of less than an inch are expected across far southern portions of southeast Missouri and western Kentucky. While significant impacts are not expected, the light snow may cause some minor travel issues to develop ahead of the Monday morning commute. Stay tuned for updates to the forecast through Monday.
