Wind Advisory Issued for Stoddard County, MO

JANUARY 13TH 2024 BY DEE LOFLIN

Wind Advisory Issued for Stoddard County, MO

The National Weather Service in Paducah, Kentucky has issued a Wind Advisory for Stoddard County, MO.

Affected Area

Portions of southern Illinois and southeast Missouri

Description

...WIND CHILL ADVISORY REMAINS IN EFFECT FROM MIDNIGHT TONIGHT TO NOON CST SUNDAY... ...WINTER WEATHER ADVISORY IN EFFECT FROM NOON SUNDAY TO 6 PM CST MONDAY... WHAT...For the Wind Chill Advisory, very cold wind chills from -10 to around -20 degrees expected. For the Winter Weather Advisory, snow expected. Total snow accumulations 1 to 2 inches. Localized higher totals up to 3 inches possible closer to the Arkansas border. WHERE...Portions of southern Illinois and southeast Missouri. WHEN...For the Wind Chill Advisory, from midnight tonight to noon CST Sunday. For the Winter Weather Advisory, from noon Sunday to 6 PM CST Monday. IMPACTS...Plan on slippery road conditions. The hazardous conditions could impact the morning or evening commute. The cold wind chills could result in hypothermia if precautions are not taken. PRECAUTIONARY/PREPAREDNESS ACTIONS... Use caution while traveling outside. Wear appropriate clothing, a hat, and gloves. Slow down and use caution while traveling. The latest road conditions for the state you are calling from can be obtained by calling 5 1 1.

Wind Advisory Has Been Issued for Stoddard County

JANUARY 09TH 2024 BY DEE LOFLIN

Wind Advisory Has Been Issued for Stoddard County

The National Weather Service has issued a Wind Advisory for Stoddard County, MO.

Affected Area

Portions of southern Illinois and southeast Missouri

Description

...WIND ADVISORY IN EFFECT FROM NOON TODAY TO 3 AM CST WEDNESDAY...
WHAT...West winds 15 to 25 mph with gusts up to 45 mph expected. WHERE...Portions of southern Illinois and southeast Missouri. WHEN...From noon CST Tuesday to 3 AM CST Wednesday. IMPACTS...Gusty winds could blow around unsecured objects. Tree limbs could be blown down and a few power outages may result. ADDITIONAL DETAILS...Heavy rainfall tonight will create saturated soil conditions, so a few uprooted trees cannot be ruled out. PRECAUTIONARY/PREPAREDNESS ACTIONS... Use extra caution when driving, especially if operating a high profile vehicle. Secure outdoor objects.

Special Weather Statement Issued for Stoddard County

DECEMBER 18TH 2023 BY DEE LOFLIN

Special Weather Statement Issued for Stoddard County

The National Weather Service has issued a Special Weather Statement for Stoddard County, MO.

Action Recommended

Avoid the subject event as per the instructions

Issued By

Paducah - KY, US, National Weather Service

Affected Area

Stoddard County

Description

...Gusty northwest winds and wind chills in the 20s expected today... Northwest winds will increase this morning across most of the area with gusts of 30 to 35 mph expected. The winds will

bring in much colder air and wind chill values of 20 to 25 degrees are expected for most of the day today making it the coldest day of the season so far. Low temperatures will fall into the teens in many areas tonight. Light snow showers are possible across parts of southwest Indiana but accumulation's are not anticipated.

Freeze Watch Issued for Monday Evening Through Tuesday

OCTOBER 29TH 2023 BY DEE LOFLIN

[Freeze Watch Issued for Monday Evening Through Tuesday](#)

The National Weather Service in Paducah, Kentucky has issued a FREEZE WATACH from Monday evening through TUESDAY MORNING.

Affected Area

All of southern Illinois, southwest Indiana, western Kentucky and southeast Missouri

Description

...FREEZE WATCH REMAINS IN EFFECT FROM MONDAY EVENING THROUGH TUESDAY MORNING...

WHAT...Temperatures dropping into the mid to upper 20s.

WHERE...All of southern Illinois, southwest Indiana, western Kentucky and southeast Missouri.

WHEN...From Monday evening through Tuesday morning.

IMPACTS...Frost and freeze conditions could kill crops, other sensitive vegetation and possibly damage unprotected outdoor plumbing.

PRECAUTIONARY/PREPAREDNESS ACTIONS... Take steps now to protect tender plants from the cold. To prevent freezing and possible bursting of outdoor water pipes they should be wrapped, drained, or allowed to drip slowly. Those that have in-ground sprinkler systems should drain them and cover above-ground pipes to protect them from freezing.

Weather provided by Bagby Wealth Management.

Dense Fog Advisory Issued for Stoddard County

AUGUST 23RD 2023 BY DEE LOFLIN

[Dense Fog Advisory Issued for Stoddard County](#)

The National Weather Service in Paducah, Kentucky has issued a Dense Fog Advisory until 8 a.m. today.

Affected Area

Portions of southern Illinois, southwest Indiana, western Kentucky and southeast Missouri

Description

...DENSE FOG ADVISORY IN EFFECT UNTIL 8 AM CDT THIS MORNING... ...EXCESSIVE HEAT WARNING REMAINS IN EFFECT UNTIL 10 PM CDT FRIDAY... WHAT...For the Dense Fog Advisory, visibility one to two miles in dense fog. For the Excessive Heat Warning, dangerously hot conditions with heat index values up to 115. WHERE...Portions of southern

Illinois, southwest Indiana, western Kentucky and southeast Missouri. WHEN...For the Dense Fog Advisory, until 8 AM CDT this morning. For the Excessive Heat Warning, until 10 PM CDT Friday. IMPACTS...Extreme heat and humidity will significantly increase the potential for heat related illnesses, particularly for those working or participating in outdoor activities. Hazardous driving conditions due to low visibility. PRECAUTIONARY/PREPAREDNESS ACTIONS... Drink plenty of fluids, stay in an air-conditioned room, stay out of the sun, and check up on relatives and neighbors. Young children and pets should never be left unattended in vehicles under any circumstances. Take extra precautions if you work or spend time outside. When possible reschedule strenuous activities to early morning or evening. Know the signs and symptoms of heat exhaustion and heat stroke. Wear lightweight and loose fitting clothing when possible. To reduce risk during outdoor work, the Occupational Safety and Health Administration recommends scheduling frequent rest breaks in shaded or air conditioned environments. Anyone overcome by heat should be moved to a cool and shaded location. Heat stroke is an emergency! Call 9 1 1. If driving, slow down, use your headlights, and leave plenty of distance ahead of you.

Excessive Heat Warning Extended to Friday at 10

p.m.

AUGUST 22ND 2023 BY DEE LOFLIN

Excessive Heat Warning Extended to Friday at 10 p.m.

The National Weather Service in Paducah, Kentucky has extended the Excessive Heat Warning until Friday, August 25th at 10 p.m. Temps at 100 degrees with heat index of 115!!

Affected Area

Portions of southern Illinois, southwest Indiana, western Kentucky and southeast Missouri

Description

...EXCESSIVE HEAT WARNING REMAINS IN EFFECT UNTIL 10 PM CDT FRIDAY... ...DENSE FOG ADVISORY HAS EXPIRED...

WHAT...Dangerously hot conditions with heat index values up to 115.

WHERE...Portions of southern Illinois, southwest Indiana, western Kentucky and southeast Missouri.

WHEN...Until 10 PM CDT Friday.

IMPACTS...Extreme heat and humidity will significantly increase the potential for heat related illnesses, particularly for those working or participating in outdoor activities.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Drink plenty of fluids, stay in an air-conditioned room, stay out of the sun, and check up on relatives and neighbors. Young children and pets should never be left unattended in vehicles under any circumstances.

Take extra precautions if you work or spend time outside. When possible reschedule strenuous activities to early morning or evening. Know the signs and symptoms of heat exhaustion and heat stroke. Wear lightweight and loose fitting clothing when possible. To reduce risk during outdoor work, the Occupational Safety and Health Administration recommends scheduling frequent rest breaks in shaded or air conditioned environments. Anyone overcome by heat should be moved to a cool and shaded location. Heat stroke is an emergency! Call 9 1 1.

Excessive Heat Warning Issued Thru Thursday

AUGUST 21ST 2023 BY DEE LOFLIN

[Excessive Heat Warning Issued Thru Thursday](#)

The National Weather Service in Paducah, Kentucky has issued a Excess Heat Warning until 10 p.m. Thursday for Stoddard County.

Affected Area

Southern Illinois and southeast Missouri along with the westernmost portions of southwest Indiana and western Kentucky

Description

...EXCESSIVE HEAT WARNING REMAINS IN EFFECT UNTIL 10 PM CDT THURSDAY...

WHAT...Dangerously hot conditions with heat index values of 105 to 115 expected.

WHERE...Southern Illinois and southeast Missouri along with the westernmost portions of southwest Indiana and western Kentucky.

WHEN...From noon today to 10 PM CDT Thursday.

IMPACTS...Extreme heat and humidity will significantly increase the potential for heat related illnesses, particularly for those working or participating in outdoor activities.

ADDITIONAL DETAILS...This will likely be the worst heat wave we have experienced this summer in terms of duration. The multiple day aspect of this excessive heat will add to the impact.

PRECAUTIONARY/PREPAREDNESS ACTIONS...

Drink plenty of fluids, stay in an air-conditioned room, stay out of the sun, and check up on relatives and neighbors. Young children and pets should never be left unattended in vehicles under any circumstances.

Take extra precautions if you work or spend time outside. When possible reschedule strenuous activities to early morning or evening. Know the signs and symptoms of heat exhaustion and heat stroke. Wear lightweight and loose fitting clothing when possible. To reduce risk during outdoor work, the Occupational Safety and Health Administration recommends scheduling frequent rest breaks in shaded or air conditioned environments. Anyone overcome by heat should be moved to a cool and shaded location. Heat stroke is an emergency! Call 9 1 1.
