Strong Gusty Winds - Special Weather Statement

National Weather Service in Paducah, Kentucky has issued a Special Weather Statement due to strong gusty winds.

Issued By

Paducah - KY, US, National Weather Service

Affected Area

Stoddard County

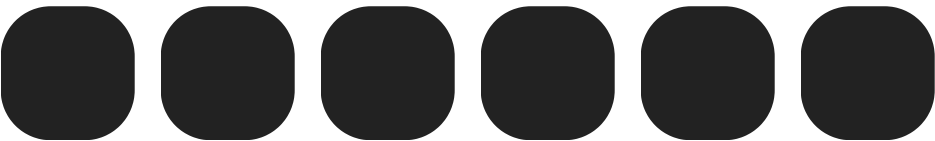

Description

...Strong Wind Gusts And Small Hail Possible Today... Due to a tight pressure gradient, expect strong gusty west- northwest winds today with gusts up to around 40 mph possible. Showers and isolated afternoon thunderstorms may mix down higher gusts at times. Small hail is possible today, even with non- thunderstorm showers. A cold air funnel or two may also occur. Secure any loose objects and be cautious when driving high profile and lightweight vehicles.
