Heat Advisory Issued for Tuesday, June 25th Noon to 8 p.m.

JUNE 24TH 2024 BY DEE LOFLIN

Heat Advisory Issued for Tuesday, June 25th Noon to 8 p.m.

The National Weather Service has issued a **HEAT ADVISORY** for Stoddard County from noon to 8 p.m. on Tuesday, June 25th.

Description

...HEAT ADVISORY IN EFFECT FROM NOON TO 8 PM CDT TUESDAY... WHAT...Heat index values around 105 expected. WHERE...All of southeast Missouri, and adjacent portions of southern Illinois and western Kentucky. The Advisory is in effect for counties along and west of the Mississippi River. WHEN...From noon to 8 PM CDT Tuesday. IMPACTS...Hot temperatures and high humidity may cause heat illnesses to occur. PRECAUTIONARY/PREPAREDNESS ACTIONS... Drink plenty of fluids, stay in an air-conditioned room, stay out of the sun, and check up on relatives and neighbors. Young children and pets should never be left unattended in vehicles under any circumstances. Take extra precautions if you work or spend time outside. When possible reschedule strenuous activities to early morning or evening. Know the signs and symptoms of heat exhaustion and heat stroke. Wear lightweight and loose fitting clothing when possible. To reduce risk during outdoor work, the Occupational Safety and Health Administration recommends scheduling frequent rest breaks in shaded or air conditioned environments. Anyone overcome by heat should be moved to a cool and shaded location. Heat stroke is an emergency! Call 9 1 1.

Special Weather Statement Issued - High Heat Index Around 105 Degrees

JUNE 16TH 2024 BY DEE LOFLIN

Special Weather Statement Issued - High Heat Index Around 105 Degrees

The National Weather Service in Paducah, Kentucky has issued a Special Weather Statement related to HEAT!

Description

...ELEVATED HEAT INDEX VALUES TODAY... The combination of very warm temperatures along with increasing relative humidity today will result in uncomfortably hot temperatures across the region. Heat index values are expected to range between 100 and 105 degrees this afternoon into the early evening hours. If working outside today, be sure to drink plenty of water, wear loose-fitting and light-colored clothing, and take frequent breaks in air-conditioned locations. Be sure to check on those most vulnerable to heat, including children and the elderly, provide shade and fresh water for outdoor pets and livestock, and check the backseat of your vehicle when transporting children.

Flood Watch Remains in Effect Throughout 7 p.m. Tonight

MAY 17TH 2024 BY DEE LOFLIN

Flood Watch Remains in Effect Throughout 7 p.m. Tonight

The National Weather Service in Paducah, Kentucky has issued a Flood Watch until 7 p.m. tonight.

Description

...FLOOD WATCH REMAINS IN EFFECT THROUGH THIS EVENING... WHAT...Flash flooding caused by excessive rainfall continues to be possible. WHERE...Portions of southern Illinois, western Kentucky, and southeast Missouri. WHEN...Through this evening. IMPACTS...Excessive runoff may result in flooding of rivers, creeks, streams, and other low-lying and flood-prone locations. Flooding may occur in poor drainage and urban areas. ADDITIONAL DETAILS... - Areas of moderate to heavy rain will expand east from southeast Missouri into southern Illinois and far western Kentucky through this morning. Training showers and storms will result in rainfall rates of 1 to 2 inches per hours locally, and flash flooding may develop where this heavy rain occurs.

Flood Watch Issued for Stoddard County, Missouri

MAY 08TH 2024 BY DEE LOFLIN

Flood Watch Issued for Stoddard County, Missouri

The National Weather Service in Paducah, KY has issued a Flood Watch for Stoddard County, MO through Thursday morning.

Affected Area

Stoddard County

Description

...FLOOD WATCH IN EFFECT THROUGH THURSDAY MORNING... WHAT...Flooding caused by excessive rainfall continues to be possible. WHERE...Portions of southern Illinois, including the following areas, Alexander, Franklin, Gallatin, Hamilton, Hardin, Jackson, Johnson, Massac, Perry IL, Pope, Pulaski, Saline, Union, White and Williamson, southwest Indiana, including the following areas, Posey, Spencer, Vanderburgh and Warrick, and southeast Missouri, including the following areas, Bollinger, Cape Girardeau, Mississippi, New Madrid, Perry MO, Scott, Stoddard and Wayne MO. WHEN...Through Thursday morning. IMPACTS...Excessive runoff may result in flooding of rivers, creeks, streams, and other low-lying and flood-prone locations. ADDITIONAL DETAILS... - Several rounds of showers and thunderstorms will produce heavy rainfall capable of flooding commonly flood prone areas. These storms will also have a tendency to repeat their heavy rains over the same areas. Rainfall totals may approach 2 to 4 inches in total and could be

locally higher in some locations. - <http://www.weather.gov/safety/flood>
PRECAUTIONARY/PREPAREDNESS ACTIONS... You should monitor later forecasts and be alert for possible Flood Warnings. Those living in areas prone to flooding should be prepared to take action should flooding develop.

Strong Gusty Winds - Special Weather Statement

APRIL 03RD 2024 BY DEE LOFLIN

[Strong Gusty Winds - Special Weather Statement](#)

National Weather Service in Paducah, Kentucky has issued a Special Weather Statement due to strong gusty winds.

Issued By

Paducah - KY, US, National Weather Service

Affected Area

Stoddard County

Description

...Strong Wind Gusts And Small Hail Possible Today... Due to a tight pressure gradient, expect strong gusty west- northwest winds today with gusts up to around 40 mph possible. Showers and isolated afternoon thunderstorms may mix down higher gusts at times. Small hail is possible today, even with non- thunderstorm showers. A cold air funnel or two may also occur. Secure any loose objects and be cautious when driving high profile and lightweight vehicles.
